INTIMATION OF FRAUD FOUND

Attorneys For Plaintiffs In Han-
cock County Case Say No Ac-
count Of Loan Was Ever Found

A venued suit from Hancock county, involving people of the New Palestine vicinity, got started this morning in the circuit court before a jury, the case being filed by Minnie Means McKeeman against the estate of Milton S. Huntington, a deceased physician of New Palestine.

The plaintiff demands judgment for \$1,698.39 on a claim, which she alleges is due her for money loaned, services and attention given to the deceased.

The claim is listed in many items and covered a long length of time. In the opening statement to the jury, the plaintiff's attorney admitted that there was fraud on the part of the jury, the plaintiff's attorney intimated fraud on the part of the deceased's friends in settlement of the estate.

According to the attorney, the physician borrowed money time and again from the plaintiff, who was Minnie Means before her marriage, and she performed many services for him besides lending money. He was committed to the asylum for the insane and released, and was found dead in the haymow, of the barn at his home, having committed suicide on September 22, 1921. May, who occupied a seat with the defense, and attempted to cast reflection on him by stating, that when the dead body was found, Dr. May made the discovery, and that no will or book account was ever found afterwards, showing that he owed Mrs. McKeeman any money.

The claim was filed, and is being tried on the evidence to be produced as no notes were given for the money obtained. Dr. May was also referred to as being responsible for having him sent to the asylum, and he was charged with having left orders at the institution that Mrs. McKeeman was not to see him.

The case will probably require two

NONE OF RUSH COUNTY CONTESTANTS WINNERS

Mildred James Of Alexander School
Second In Music Memory Contest
For Rural Schools

RUSHVILLE GIRLS ON PROGRAM

None of the sixth district contestants in the state music memory contests, all of whom were from Rush county, won first place in any of the three sections of the contest, which was held Saturday afternoon in Indianapolis, but Mildred James, who represented the district in the section for rural schools, was placed second. The James girl attends the Alexander school west of Rushville.

Esther Gerkins of Hendricks county won first place in the rural schools competition, Mildred Frazee of the same county was first in the section of the contests for grammar grades and Lorene Hicks of Stilesville, Hendricks county, was first in the high school competition.

Two Rushville grammar grade pupils had a part on the program Saturday night, which marked the close of the annual convention of the Indiana Federation of Music Clubs, of which the music memory contest was a part. The closing program was devoted to a dramatization of some of the numbers that were used in the contest.

Miss Frances Beale danced in costume, "Old French Gazotte" and "Amaryllis" and Miss Frances Payne interpreted two American compositions, "Narcissus" and "To a Water Lily" with costume dances.

TO GIVE BOOSTER BANQUET

Young Men's Circle Of Christian
Church Sets Goal At 100

The Young Men's Circle of the Main Street Christian Sunday school will hold a "Booster Banquet" in the basement of the church Wednesday evening at seven o'clock. The Circle has set its goal at an attendance of one hundred in the class each Sunday morning, which will amount to a doubling of the usual attendance.

The Rev. L. E. Brown, pastor of the church, will speak at the banquet which will be served by the women of the church. Will P. Jay will tell some funny stories and music will be provided by Homer Cole's orchestra.

THREE MEETINGS ARE HELD SUNDAY

Large Crowd Mark Services at First
Presbyterian Church, Including

A SERMON ON "REPENTANCE"

It is a Change of Mind and of Life's
Purposes, Pastor Declares at
Sunday Evening Meeting

Large crowds marked the three meetings held Sunday in connection with the pre-Easter services being held at the First Presbyterian church. They will be continued all this week, with the Rev. Gibson Wilson, the pastor speaking each night, and Mr. and Mrs. Gerald Bonney in charge of the music.

Mrs. Bonney spoke at a meeting for women and girls at the church Sunday afternoon at three o'clock. The main auditorium of the church was full, close to three hundred attending.

The Rev. Mr. Wilson spoke Sunday night on "Repentance" and Sunday morning on "Jesus' Triumphal Entry."

The boosters chorus, composed of school boys and girls, gave a performance Saturday evening under the direction of Mr. Bonney, showing rare ability as a chorus after only a few days training.

Repentance is a change of mind, the Rev. Mr. Wilson asserted in his Sunday night sermon, taking for his text, Mt. 4:17, "Repent, for the kingdom of heaven is at hand."

Repentance is not only a change of mind, but also a change of life's purposes, the pastor pointed out.

THREE ARE KILLED IN APARTMENT HOUSE FIRE

Mother and Daughter are Found
Clinging Together in New York
Home—Woman Leaps to Death

ONE A LEADING ACTRESS

New York, March 26—Three women were killed in a spectacular fire which swept through the Princeton apartments in the theatrical district here today.

The bodies of a mother and daughter were found clinging together in a small room in one of the upper stories. Another woman was killed when she leaped from a window.

The dead:
Mrs. Mary Sitzler, 65, actress, who played a leading role in "The Gold Diggers".

Miss Emily Sitzler, 35, her daughter.

Annie Fries, 25.

The blaze swept through the old building in a flash, destroying the stairways and isolating those on the upper floors.

Women aroused from their beds ran screaming to the windows while firemen hoisted aerial ladders and carried some to safety.

The ladders would not reach to the two top floors.
Miss Fries in hysteria, leaped from the window of her room and was killed on the pavement below.

THREE SCHOOLS DIVIDE HONORS

Raleigh, New Salem And Milroy
Students Win, In County Latin
Contest Held March 16

AWARDS ANNOUNCED TODAY

Questions Submitted By Latin De-
partment At Butler And Papers
Graded By State Department

Awards were announced today in the county Latin contest which was held here March 16, when the Latin students of the county schools assembled here for the one day examination, and honors were divided for first place Raleigh, New Salem and Milroy in the three divisions.

In the first division, composed of elementary Latin, Edith Carson of Raleigh won first; Mary Cloud of New Salem and Elsie Weingarth of Manilla tied for second place and Mildred Billings of Gings, fourth place. The highest received 98 per cent, and those who tied received 95 percent, and the fourth received 93.

In the second division Phyllis Maple of New Salem with 93 percent won first; Reba McIlwaine of Milroy and Pauline Macy of Arlington tied for second place with 91 percent; Louise Davis of Milroy and Walter Bullock of New Salem tied for third place with 88 per cent.

In the third division, for more advanced students, Howard Morgan of Milroy won first with 94 percent; Yuma Houghland of Milroy in second place with 87 percent; Opal Kuntz of Manilla, third with 81, and Mary Brown of Manilla, finished fourth.

The question for the tests were submitted by the head of the Latin department at Butler college, and the papers were sent to the state department of education to be graded which accounted for the delay in announcing the standing of the pupils.

The work here was in charge of Miss Helen Jaghne of the Milroy school, who is county chairman.

The pupils who took part in the county contest and the division entered were: Elva Stamm, Glenwood, I; Belva Beaver, Glenwood, II; Ruth Billings, Gings, I; Ruth Billings, Gings, II; Louise Davis, Milroy, II; Reba McIlwaine, Milroy, II; Walter Bullock, New Salem, II; Phyllis Maple, New Salem, II; Bertha Stevens, Milroy, I; Naoma Nash, Gings, I; Helen Freeland, Glenwood, I; Walker Reed, Glenwood, II; Arthur Cortner, Gings, II; Russell Beckner, Arlington, II.

FINED ON CHARGE OF PUBLIC INTOXICATION

Lawrence Schibi, Truck Driver, is
Arrested When Bottle of Whiskey
Drops From His Pocket

COLORED MAN IS IN JAIL

Two cases were docketed in police court during the week end, with the arrest of Lawrence Schibi, a truck driver on a charge of intoxication, and Cassius Flowers, colored, on a charge of assault and battery on his wife.

Schibi was driving a load of household goods, accompanied by his wife and child from College Hill, Ohio to Mooresville, Ind., and in passing through New Salem, the machine went off the road and people reported that a bottle of liquor fell out of his pocket. He was stopped here by officers, and only a drink remained in the bottle, and he was booked on an intoxication charge, receiving a fine of \$1 and costs by Mayor Thomas, and the fine was paid.

Patrolman Havens was called shortly before midnight last night to 610 East Seventh street, where Cassius Flowers and his wife were creating a disturbance in the neighborhood and he was jailed on an assault charge. He is to be given a hearing tonight in police court, before Mayor Thomas.

FARMERS ASKED TO PAINT MAIL BOXES

Postmasters Urged At Semiannual
Inspection In April To Note Con-
dition Of Receptacles

URGE FARMERS COOPERATION

So Long As Box Remains Weather-
Proof, Service Will Not Be With-
drawn Regardless Of Paint

Farmers are asked to keep their mail boxes looking good and give them a coating of white paint whenever necessary, in an order sent to postmasters by the postoffice department at Washington. Farmers are also requested to paint the name of the head of the family or the persons receiving mail, on the box. Postmasters are advised to take note of the condition of the boxes on the rural routes at their semi-annual inspection in April and to notify the patrons whose boxes are dilapidated, that they should be painted, but it is specifically set out that the department will not permit withdrawal of service from any patron for refusing to paint his mail box, providing it is weather-proof and is serving the purpose for which it was intended.

The order to postmasters reads as follows:

The special attention of postmasters at offices where rural delivery routes are in operation is invited to the need for improving the appearance of mail boxes on these routes. These boxes at the present time, as a rule, present a very unsatisfactory appearance due to the fact that the galvanized or aluminum finish has worn off on account of exposure to the elements to such an extent that the base metal has been exposed and in many cases has rusted. It is the purpose of the department to improve the general appearance of rural mail boxes throughout the country, so that they may be a credit not only to the Postal Service but to the community through which the rural delivery route operates.

It is desirable that the boxes be painted white with the name of the head of the family or families receiving mail in the box painted on both sides of the box in neat black letters one inch in height; also that the painting be done at least once a year. It is requested that the posts or supports to which the boxes are attached be painted white. This will improve not only the appearance of the boxes but will add materially to the life of the boxes and posts.

Postmasters at the time of making the regular semiannual inspection of rural delivery routes at their office, during the month of April, 1923, and at the time of subsequent semiannual inspections, are instructed to take particular note of all rural mail boxes which do not appear to have been painted within the past one or two years, if old boxes—or within the past five or six years; they are furthermore directed to politely request the owner in writing to paint the box and post in accordance with the above instructions and to neatly stencil or paint his name on the sides of the box. It is believed that this request in the large majority of cases will have the desired result.

It must be distinctly understood that the department will not permit the withdrawal of service from a rural mail box which the owner refuses to paint so long as the box remains weather-proof and a fit receptacle for mail. However, it is believed that the cooperation in this endeavor of all patrons of rural routes throughout the country can be secured through postmasters and the appearance of the boxes materially improved. Your interest is solicited and a special report from you as to the results obtained will be appreciated.

COLORED MAN IS FINED

William Tuttle of Carthage, colored, who pleaded guilty Saturday morning in the circuit court on a charge of assault and battery, was released from jail Saturday after he paid his fine and costs, amounting in all to nearly \$37. His fine was \$25 and costs.

TRYING TO SMASH UKMAN'S EVIDENCE

Defense In Gary Conspiracy Case
Still Endeavoring To Refute
State's Leading Testimony

JUDGE LOSES HIS PATIENCE

Calls Upon Lawyers For Gary Of-
ficials To Organize Witnesses So
There Will Be No Delay

(By United Press)

Indianapolis, Ind., March 26.—Trying to smash the damaging testimony of Phillip Ukman, attorneys for Gary and Lake county officials and other defendants in the Gary liquor conspiracy trial today presented more evidence to incriminate Ukman in a plan to blackmail bootleggers on forged government search warrants.

Ukman's testimony has been the target of the defense counsel since they started presenting evidence and success of their efforts would impair the government's case against the Calumet officials, among them is Mayor Roswell Johnson of Gary.

Leslie Parry, a Hammond newspaper man, occupied the witness stand the greater part of the morning. Through his testimony the defense sought to corroborate previous evidence and to develop these points: That Ukman was arrested on a bonified charge of bribery. That he was not treated violently and that profane language was not used at the time of his arrest.

That marked money was found on his person in the scheme to apprehend his blackmail plot.

That torn counterfeit federal warrants were found in his clothing.

That Ukman was not beaten into insensibility and thrown into jail

SAYS WAS PROMISED DIVISION OF SPOILS

Quinto Rosetta Testifies He Was Of-
fered Share For Testifying

REFUSED IN THE SHOWDOWN

(By United Press)

Grand Rapids, Mich., March 26.—Brother testified against brother today in the \$80,000 damage suit brought by John W. Hansel against Benjamin L. Purnell, "king" of the House of David, religious cult at Benton Harbor, Mich.

Quinto Rosetta, brother-in-law of Mrs. Esther Hansel, and brother of Emil Rosetta, today took the stand for the defense. He testified that a promise of a "division of the spoils" was made him by Mrs. Hansel in October, 1921.

"The money proposition sounded pretty good to me and we talked it over," he testified.

He added that later he received a letter from his brother, Emil, witness for the Hansels, stating that if I didn't fall in line with them, "they would see that I did."

He further testified that when it came to a showdown, Mrs. Hansel told him that he would swear that Benjamin had been intimate with her. He asked if this were true and she replied "no."

Rosetta was employed as a night watchman for some time at "Shiloh" Benjamin's home at the colony.

"THE CROSS" TO BE TOPIC OF SERMONS

The Rev. H. W. Hargett To Deliver
Special Series At St. Paul's
Church This Week

THREE SERVICES ON SUNDAY

Sunday Morning Decision Day For
Children—Pastor Speaks To
Men's Meeting In Afternoon

The special meetings which are being held at the St. Paul's Methodist Episcopal church will continue throughout this week and the pastor, the Rev. H. W. Hargett, will take "The Cross" for the principal subject of his sermons. Tonight he will speak on "The Way of The Cross"; Tuesday night on "The Offense of the Cross"; Wednesday night on "The Burden of the Cross," Thursday night, the Rev. S. L. Polovina, "Methodist Sam," will speak; and on Friday night the subject will be "The Joy of the Cross."

At tonight's services the Sunday School teachers, together with their classes, will attend in a body and hear the pastor's talk.

Sunday morning the pastor spoke on "The Great Divide," taking his text from John 19:18. The main point in this sermon was the drawing of the picture of Jesus on the Cross, and the great question was asked, "Are you going to accept Christ, or reject Him?" It was mainly a decision day for the children, thirty coming forward to accept Jesus.

The Rev. Mr. Hargett addressed a men's meeting in the afternoon, following a "sing" conducted by Gerald Bonney, singing evangelist at the First Presbyterian church. The audience was led in the singing of a number of favorite gospel hymns by Mr. Bonney.

At the evening service the pastor told the story of "Terah," who was a maker of idols. His son Abraham, who was noted as a great thinker, eventually saw the wrong in worshipping idols and destroyed all his father's makes. Terah seeing that this would be a detriment to his business, decided to move, and he and Abraham set out for the Land of Canaan, the "Promised Land." However, they did not get to their destination but stopped off at Haran.

The Rev. Mr. Hargett pointed out that this was the way with too many of the people; they set their aim for a high goal but never reach it. They stop too soon. They start to seek Jesus but stop before they have reached "The Promised Land," he pointed out.

He closed his sermon with the

GREAT TRAGEDY SUCSUMBS TO ATTACK

Sarah Bernhardt, 78, Noted French
Actress, Dies Following Brave
Battle Against Disease

ON STAGE FOR SIXTY YEARS

Paris, March 26—Madam Sarah Bernhardt is dead. The great actress died at her home here today after a lingering illness. She clung grimly to life and continued to breathe for hours after doctors abandoned all hopes.

An infection of the kidneys of long standing was the cause of death.

Bernhardt was 78 years old. Despite advices of physicians during the last year that all strenuous activities be given up she insisted upon appearing whenever possible.

Several times in the winter months she suffered relapses and the end was considered inevitable. Though by the exercise of her uncountable will, Bernhardt struggled back from the door sill of death and asserted she would live many years yet.

For more than sixty years Bernhardt had been before the public admired by the world, courted by kings and princes in her younger days.

MUNCIE MAN ONE OF 250 HEIRS AFTER N. Y. LAND

Muncie, Ind., March 26—Benjamin Turner whose father was born in Holland and who claims to be a great grandson of Queen Anne of Holland, is one of the 250 heirs seeking \$850,000,000 worth of real estate in the heart of New York city said to have once been the property

of Peter Clarence Wijikhoffen. Mr. Turner, has little hopes of realizing anything from the estate, declaring the cost to fight the interests involved is too great and the task too difficult. The original lease to the land, he says, was at one time in possession of his own family. Mr. Turner declares he has often heard his father tell of meeting Queen Anne when on one occasion she visited their home in Holland.

REORGANIZES FOR THE YEAR

Plum Creek Christian Sunday School Elects Officers Sunday

The Plum Creek Christian Sunday school closed a very successful year Sunday and reorganized for the coming year which, it is hoped, will be the best in the history of the church. The following officers for the year were elected:

Superintendent, Jesse C. Brooks; assistant superintendent, Homer Hall; chorister, Homer Hall; assistant chorister, Mrs. Effie Whitton; secretary, Miss Estella Carson; assistant secretary, W. H. McMillin; treasurer, William Ertel.

The yearly report showed an average attendance of 118, the largest attendance for one Sunday being 237.

Special services will be held Easter Sunday, both morning and evening. Sunday school is held every Sunday morning at 10 o'clock, with preaching services the first and third Sundays of each month at 11 a. m. and 7 p. m.

Bright Spots in News

New York.—Genevieve Brecker, 12, is being held by police charged with being a bootlegger. She is said to have sold a bottle of whiskey to Frances Callahan, 17.

New York.—M. H. Chapman, 75 of Millington, Conn., stopped here on the last lap of his hike from Miami to Alabama, where a \$5,000 legacy awaits him. "I am going to live another 75 years at least" he said.

New York.—The Associated Undertakers of New York have gone on record as being strongly opposed to the exhumation of Tut-Ankh-Amen. "It is revolting to think of such an indignity," they declared.

ATTEND CIRCUIT COURT

A dozen students of the Carthage high school, members of the Civics class, were in Rushville today with their teacher, Miss Harriet Rawls, attending the session of the circuit court, studying the methods of court procedure at a jury trial. The members of the class arrived early, and were taking in the court from the examination of jurors to the completion of evidence.

LAST OF LYCEUM COURSE

Joseph Crowell Will Speak at Arlington Tuesday Evening

Joseph Crowell, character portrayalist and entertainer, will give the fifth and last number of the lyceum course, which was presented during the winter under the auspices of the senior class of the Arlington high school, at the school gymnasium Tuesday evening at eight o'clock.

Mr. Crowell is said to be an impersonator of great ability, and by the use of wigs, grease paint, make-up, costume changes and dialect, depicts and interprets his characters. His impersonations are said to be strikingly true to life and the whimsical types he represents are intensely interesting and many of them are screamingly funny.

STATE PREPARES TO
REPLENISH STREAMS

Conservation Department Will Receive Applications For Restocking Rivers Until April 1

STATE HAS FOUR HATCHERIES

Indianapolis, Ind., March 26.—April 1 marks the last day this year when applications will be received for stock fish provided by the four state hatcheries, says George N. Mannfeld, chief of the fish and game division of the state conservation department, who urges persons desiring stock fish to file before that time. Blanks for this purpose may be secured by writing the conservation department.

More than 500 applications for fish to be sent to practically each county in the state are now on file Mr. Mannfeld says. Fish obtainable at state hatcheries for stream and public water stocking are large and small-mouth bass, bluegill, crappie, yellow perch, wall-eyed pike and perhaps a few channel cat. For the first time the state will this year at the Riverside hatchery attempt to propagate the latter specie.

Mr. Mannfeld says that work will start soon on a new loading station and garage at the Riverside hatchery which, upon completion will make this hatchery fully equipped in every particular. The state has 26 and the Marion County Fish & Game Association 5 breeding ponds at this place.

Gasoline Tax Measure and Increased License Fees For Automobiles Will Help to Pay Debts

JUSTIFICATION FOR FORMER

(By United Press)

Indianapolis, Ind., March 26.—"For the present it appears that the tax rate for Indiana may be appreciably lower," said Philip Zoercher, state tax commissioner, in an interview with United Press today.

"The gasoline tax measure and the increased license fees for automobiles will help materially in paying the state's debts," Zoercher said.

"The former is an equitable tax, in my opinion, for it puts the cost of the roads on persons using them the most. Suppose you and I both have cars costing \$1,500. If I run my car 20,000 miles in the year and you run yours only a couple of thousand. It stands to reason that I should pay much more for the roads than you, and to direct proportion to the amount I use the roads, which is what the gasoline tax compels.

"I don't see quite how anyone could object to that law, do you?"

FUNERAL SERVICES TODAY

George W. Westerfield, 67, Dies at Home in Manilla

Funeral services for George W. Westerfield, age 67 years, were held this afternoon at two o'clock at the Christian church in Manilla, with burial in the cemetery at Manilla. The deceased, who was commonly known as "Bady" Westerfield, expired Saturday morning at his home in Manilla, following a four weeks illness with influenza.

Mr. Westerfield's condition was improved last week, and his death was unexpected, being found dead in bed on Saturday morning. The deceased had spent his entire life in the Walker township neighborhood, and was highly esteemed by all who knew him.

He was a member of the Christian church and the Red Men lodge. He is survived by his widow, one daughter, Mrs. Deastamona Powell of this county, and one son James Westerfield of Manilla. Two grandchildren also survive.

A COMPLETE SALVATION:
—The very God of peace sanctify you wholly; and I pray God your whole spirit and soul and body be preserved blameless unto the coming of our Lord Jesus Christ.—1 Thessalonians 5:23.

A New Suit For Both

When spring comes around nearly everybody wants a new suit. They want to look the part. They don't want to be considered back numbers.

That is good as far as it goes, but it doesn't go far enough.

The home and its surroundings should keep pace with our personal appearances. It doesn't look just in accordance with the fitness of things to trip along in new toggery and stumble over tin cans and other refuse in the front yard.

Get the new spring suit, by all means. You will look good to others and better to yourself.

But let's dress up the old town at the same time. If every citizen would take proper care of his own premises there wouldn't be any eye sores left—there wouldn't be anything to criticize.

Now wouldn't that be great—nothing to criticize?

We could easily set out new shrubbery, and plant acres of beautiful flowers, and keep the yards and parkways green.

We can not live forever, but we can enjoy life more while we are here if we go about it in the right way.

No don't shrug your shoulders and say it is "too much of a job" for it is not. Nothing is a big job for the

man who makes up his mind that the job is a small one.

Increased Savings

Heavy increases in the total savings deposits for 1922 in the 880 savings institutions reporting to the Federal Reserve Board are shown in a report made by the board. The average increase of the reporting institutions, said to represent about 77 percent of the total savings for the country, was given as more than half a billion dollars for the twelve month period.

Savings deposits in the 880 banks aggregated \$5,837,363,000 on January 1, 1922 and \$6,282,172,000 on January 1, 1923, a gross increase of more than \$445,000,000.

The increases shown were almost equally distributed over the country, the boards figures showing that every Federal Reserve District had greater savings deposits than on the preceding January 1.

The above figures embodying the report of 880 banks are in accord with the report just issued by the American Bankers' Association which shows that the increase in savings for all the banks of the country in 1922 over 1921 total \$1,500,000,000.

The figures are respectfully referred to those who doubt the soundness of the foundation upon which American prosperity is based.

Poor Circulation

Is your circulation poor? Are you shy on pep? Are your heart beats becoming slow and weak?

In New York an electrician was knocked out by a sudden shock. His associates found that there was no pulse and his heart had ceased to beat. Presumably he was dead.

But instead of rushing off for doctors they seized clubs and beat the victim unmercifully on the soles of his feet. The beating restored the circulation and the "dead" man was soon back at work again, thankful for the beating he had received.

Try it out yourself. If your feet hold out you may live forever.

**STATE CAPITOL BACK
TO THE USUAL ROUTINE**

Indianapolis, Ind., March 26—Din and turmoil, the resounding smack of political mitts, and the ever-present hub-bub of legislative days have forsaken Indiana's state capitol building, and today those halls have settled back to a steady buzz of everyday business. Beyond the frequent scratch of an official pen, the clatter of a consignment of automobile licenses, the swish of a secretarial skirt or the air of a structure bleak as the house of Usher.

Warmer days have meant little necessity for artificial heat and even the downpour of soot has diminished. The legislature adjourned pilgrimages to the state museum have increased, and nothing but memories of glamorous lawmaking days endure.

TO MAKE DIRECT APPEAL

Mexico Does Not Have Intention To
Reforms Demanded By Hughes
Famous Constitution

By FREDRICK G. NEUMEIER
(U. P. Staff Correspondent)
(Copyright, 1923, by United Press)
Mexico City, Mexico, (By mail to the United Press).—Mexico has decided to work out its own salvation without the "paternal blessing" of the state department in Washington.

I learned this authoritatively from a very high official of the Obregon government.

This official informed me that Mexico does not have the intention to reform Articles 27 and 123 of the famous Mexican constitution or the agrarian law to meet the requirements of recognition as laid down by Secretary Hughes.

The Mexican government, he stated, understands thoroughly that while Hughes is secretary of state there can be no recognition until these legislative changes have been effected.

The government, he added, believes on a fifty-fifty basis that it is capable of effecting rehabilitation without recognition, in other words that recognition is not at all necessary for Mexico to progress.

Diplomatically through the White House, this official stated, the Obregon government would do nothing. However he did intimate that the Mexican people would appeal direct to the people in the United States and to the "liberal" bloc of senators recently elected to the United States Senate.

President Obregon took the office of presidency over two years ago after being elected by a majority of about twenty-four to one.

Today I find this country at peace although economic conditions may be considered serious. Expenses are being reduced and the army has been cut and as recently pointed out to

On the Second Every Second

Human wants are constant and continuous. Food, clothing, shelter, and their infinite subdivisions are daily needs.

There is not a clock tick that does not register a million human desires.

The daily newspaper is the closest thing in the world to the people's daily wants. It is an expression of the ever-pressing desire for news.

The advertiser who uses the daily newspaper reaches people with his message at exactly the right moment.

Somewhere, with some person wanting something, newspaper advertising registers every second of the day.

It brings buyer and seller together because it brings the right message at the right time.

There is no advertising medium so close to the people as the afternoon daily newspaper.

me by General Calles, prime minister to Obregon, "the entire country is working." Calles continued:

"Farmers are not turning their plow shares into swords, but just the opposite—they are turning their swords into plow shares."

The high government officials quoted above, who is not Calles, would not allow his name used for obvious reasons, gave me a very interesting inside view of the Obregon regime. He said:

"When Obregon became president and for some time after holding that office, his only love affair, his lone passion, his infatuation, was that with Dame Recognition. He was ready to do everything that he could for this love affair. He expelled labor leaders, ousted what was termed radical governors, wobbled from side to side and never made a straight answer. To his fellow revolutionists who fought with him, his actions caused only wonderment."

"Later after the decision on Article 27 and after Hughes had made the demands for legislative reforms, Obregon took a radical stand. He took the position which the farmers and workers wanted. His 'no' to M. Hughes was a 'yes' to his followers."

"Obregon took the stand that part of Article 27 could not be changed, leaving the other part untouched and when he turned down Hughes' proposal, he had to come out flat-footed for the agrarian reforms. He found that in Mexico the church did not draw any line of demarcation between its religion political and social activities."

"It wasn't until the now famous Murguia revolution that the lines were tightly drawn. At one time this revolution looked, according to press reports, as a serious action against the Obregon government but it ended only to strengthen the Obregon government. The country was not ripe for a revolution, the people were satisfied. The peasants and the laboring people really made the capture of Murguia possible. They, in a secret underground way which they had learned during the Carranza revolution communicated with the federal troops and told them of the march of Murguia."

"The peasants and the workers continually were on the watch for Murguia. When Murguia was given refuge by a priest in a church, the press that the action of President took action which resulted in the capture and execution of the counter-revolutionary leader."

"It was then that Obregon saw who his friends were. He realized that in order not to suffer the same fate as Madero, who made overtures to the reactionaries, he must overcome the reactionaries and stand by the people who fought with him."

I also find among a certain class of Mexicans that there is a strong impression that the cation of President Harding and Hughes in the Mexican question is unifying the Mexican radicals.

COUNTY TRACK AND FIELD DAY APR. 18

Arrangements For Event in Which
Thirteen High Schools Will be
Represented, Completed

DATE SUBJECT TO CHANGE

Conditions Track and Weather Ele-
ments to be Considered—Officials
Are Appointed

Plans have gone forward for the first annual Rush county track and field day, which will be held in Rushville on April 18, and in which all of the consolidated township high schools will send representatives to compete in the various games and contests, and complete details will be made at the meeting of the board of control tonight.

Although the date has been set for Wednesday, April 18, yet this date will be subject to change, depending a great deal on the weather, and the condition of the track.

The principals, coaches and school officials met here Saturday and perfected the county organization which also will include the Rushville high school, and the twelve consolidated high schools of the county.

The officials, or board of control, was appointed as follows: B. D. Farthing, J. H. Scholl, E. B. Butler, Rushville, and L. E. Means of Moscow; the referees will be Russell Titsworth and Conwell Smith. The inspectors were named as follows: John Geraghty, Webb; R. L. Powers, Milroy; L. E. Dyer, Carthage; Grant Cooper, New Salem; Flem L. Maddy, Raleigh; field judges, Alpha Gray, Center, and A. M. Taylor, Rushville.

The starter will be Van Hood, Carthage, and scorer will be Charles Demunbrum of Arlington; the marshal will be Mandus Chance of Glenwood, who also will pick assistants.

James Hyatt of Arlington will be the official announcer and the clerk of the course will be Harry McKensie of Manilla. The officials have also decided on the list of events, and points for each. There will be four places on each event with the first place bringing 5 points, second place 3 points, third place 2 points and fourth place, one point.

One pupil cannot be entered in more than three events, and each school shall not have more than two entries in each event. The events to be competed for will be as follows: 100 yard dash; 220 dash; 440 dash; 1 mile run; mile run; relay race; running high jump; running broad jump; pole vault and shot put.

Several extras will be added, for which no points will be given on the

Boxer Refused to be Pro

By HENRY L. FARRELL
(United Press Sports Editor)

New York, March 26—Speaking of Eddie Eagen, light heavyweight champion of the Olympic games, captain of the Yale boxing team and later a member of the Harvard team, who is now at Oxford, "Sporting Life" (London) says of an inter-collegiate tournament in which he boxed recently:

"Eagen, Oxford, as a matter of course, won at catchweights and we suppose we shall have to hope in vain for an amateur capable of making him give of his best."

Righto, John, and more than righto! It will take the best pro you have in the fighting ranks to make him extend himself!

Eagen is an unusual type of a young man in a day when a young man with any kind of talent in his fists rushes into the professional prize ring for what little fame and what big money he can acquire.

Eagen has all kinds of natural talent. Veteran old managers have been after him for four years, but he scorned all offers to fight for money.

In explaining his rather unusual ideas, he told the writer in Antwerp during the Olympic games:

"I know I could make a lot of

money in the prize ring. Perhaps I could become a champion and acquire whatever fame might be understood to attend such a conquest, but all the money and all the glory I might attain would not compensate me for the pang that would be mine if I ever heard one of my children taunted with—"your father's a prize fighter."

Eagen talks just that way and in his private life he carries out the same high ideals.

Eagen knows that some stigma is attached even to an amateur boxer. He learned it at Yale and it cost him the realization of one of his fondest ambitions.

Eddie was crazy about football. When he was over with the American Olympic team in 1920 at Antwerp he dashed home just as soon as the boxing finals had been completed. Most of the other boys were taking what trips around Europe they could afford.

"I want to be at Yale when the football squad reports. I'm going to try hard, but I don't believe I can make the team."

He wouldn't give a reason, but it was heard later from another source.

The powers that be at Yale didn't want a boxer on the varsity team, although he was one of the fastest men on the team and a most promising end or halfback.

DIXIE DUST

San Antonio—Willie Kamm, the \$100,000 third baseman of the White Sox, lived up to his reputation by several spectacular pieces of fielding and a single and a double when the Sox were losing to the Giants, 8-6.

New Orleans—Babe Ruth got a single and a double in four times up as the Yankees were beating the New Orleans club, 3-2.

Clearwater—Wilbert Robinson and his Brooklyn Robins began preparations to break camp today. The Robins are to join the New York Yanks in New Orleans Thursday.

Augusta, Ga.—Manager Ty Cobb and twenty Tigers will join forces with the Rochester International League club at Athens today preparatory to beginning a six game series.

Lakeland, Fla.—Today the Cleveland Indians take on the Philadelphia Nationals. This is the first of this week's series of five games with National League clubs.

Bradentown, Fla.—The Nationals expect to make it three straight over the St. Louis Cards by taking today's game. Donnie Bush has practically decided to pitch Warmuth and McGraw. The Griff men have played six games so far, winning three and losing three.

Montgomery, Ala.—The witch had a heart rending week-end. Rochester tied Connie Mack's A team four to four. Two defeats and one tie composed the series against the New York state nine. In Mobile the Mobile players defeated the Athletics B team 4 to 3.

Hot Springs, Ark.—The Red Sox scored three in the ninth but lost to Pittsburgh 12 to 11 in a game featured by six home runs and loose fielding. Mitchell, Boston shortstop, had four errors against him.

official score, and which will include the following: hop-step and jump; hop-jump; horse shoe contests; tug-of-war; setting the peg. The girls also will take part in a potato race and a baseball throwing contest.

All schools of the county and city will close at noon on the day of the contest, and a large crowd from every part of the county is expected. It is planned to hold the affair on the Dagler track, near Seventh and Spencer streets.

To Fix Amount of "Kick" Legally Allowed in Cider

Washington, March 26—A ruling will be rendered soon by Attorney General Daugherty fixing the amount of "kick" that may be allowed to accumulate in cider and unfermented fruit juices before the process of nature make them in violation of the Volstead law. Commissioner Haynes has informed Representative John Phillip Hill of Maryland.

The decision which will affect the cider of thousands of farmers throughout the country and the fruit juice mixtures of the city dwellers, has been delayed for several months.

FLYING FINN SETS NEW
WORLD'S RECORD

Willie Ritola ran himself into the hall of athletic fame at the Knights of Columbus games in the 22nd Regiment Armory, New York, when he beat Joie Ray in a three-mile race, and established both a new indoor and outdoor record for the distance. It was one of the most sensational races ever seen on a New York track, and the onlookers went wild as the flying Finn touched the tape ahead of Ray, in the phenomenal time of 14 minutes, 15.4-5 seconds.

BOYS INVITED TO CAMP ROOSEVELT

Summer Camp To Be Held Again At Silver Lake, Ind., According To Announcement Received Here

REPRESENTED IN YEARS PAST

Rushville Boys Have Attended Similar Educational-Training Encampments At Indiana Lake

Rushville boys are again invited to attend Camp Roosevelt, the national summer education-training encampment at Silver Lake, Ind., under command of Major F. L. Beals, U. S. A. Word to that effect, has just been received by J. H. Scholl, superintendent of schools from Peter A. Mortenson, superintendent of the Chicago schools.

Rushville boys have attended this camp in past years, this city being represented at the camp last summer by Churchill Allen and Theodore Abercrombie.

The first contingent will reach camp for the opening of summer school on July 2. Those who will attend the other divisions of the camp (R. O. T. C. or military division, and the Junior Camp), will follow a week later, reaching there on July 9.

Camp Roosevelt is attracting nation wide attention because of its unique policy for giving boys, on the basis of a public institution a course of highly specialized training, excellent care and food equal to that of the finest private camps. This is made possible through the support of the Chicago public school system, the War Department of the U. S. Government, American Red Cross, Y. M. C. A., Chicago Dental Society, and public spirited Chicago men who bear all financial burdens. Boys 10 years and over, from all parts of the country are privileged to attend. A three weeks' outing, under finest possible conditions, costs each recruit \$30.00 for the training, mess privileges, and healthful outdoor vacation.

Major Beals, whose office is at the Board of Education, 460 South State Street, Chicago, stated in a recent interview: "All previous records for enrollment at this early season have already been broken. Pennsylvania, Georgia, Tennessee and Texas are the more distant states represented and this does not mean that only one application, but several, have been received. Of course, the nearby states are, always, more popularly represented. I attribute this to the splendid location and facilities which the Indiana campsite, to which we moved last summer, affords. Every one of our boys benefit from the training and at the same time had a splendid time. At any rate, that seems to be the impression of the early registrants, the majority of whom are "repeaters."

WOMAN ATTACKED IN SLEEP WITH HAMMER

Mrs. Elizabeth O'Brien of Washington in Serious Condition From Attack by Female Assailant

MYSTERIOUS WOMAN ESCAPES

Washington, March 26—Attacked in her sleep by a woman with a hammer, Mrs. Elizabeth O'Brien, wife of a prominent attorney, was in a serious condition at a local hospital today.

Mrs. O'Brien was awakened by a sharp blow on the head. Crouching at the foot of her bed, she says, was a woman, hammer in hand. Mrs. O'Brien, only stunned by the first blow of the hammer, attempted to run from the bed room, but the unknown woman attacked her again and a second on the head caused her to fall to the floor. The hammer caught in her hair.

Screams of Mrs. O'Brien and her daughter attracted neighbors, but the mysterious woman assailant escaped. So far the police have found no trace of her.

At the hospital it was said Mrs. O'Brien has a severe fracture of the skull. Friends of the family can assign no reason for the attempted murder. Mrs. O'Brien's husband was at Seranton, Pa.

WANT ADS GET RESULTS

PRETTY WOMEN MAKE THE BEST DRY AGENTS

(By United Press)

Denver, Colo., March 26.—It takes the women to get 'em—even the bootleggers, according to E. H. McClenahan, federal prohibition director of this district.

McClenahan has announced he wants some real vamps on his staff of dry sleuths and as a result, Colorado girls are expected to "dollar up" and call at his office.

According to the dry chief, women can't be beaten for obtaining evidence of dry law violations. They can find out things that would utterly baffle a man.

Every federal prohibition force in the country should have some women agents, McClenahan claims. Not old women, nor yet too young, but about 25 or 30 years old with "brains as well as looks."

Girls who know how to "wear clothes, you know", is the way "Big Mac" puts it.

He doesn't agree with Mrs. Annette Abbot Adams of San Francisco, former assistant attorney general of the United States, who recently said that "hard boiled" men could effectively administer the national prohibition law. Such men are all right to take part in a raid, but the woman's intuition is what is needed to obtain the evidence, McClenahan holds.

"Moderately young, pretty, smart, good dressers and full of pep", are the requisites of the woman dry sleuth, he maintains.

McClenahan relates an instance of where a young woman who applied to him for a job and finally got it, posed as a "flapper" on several "wild" parties and turned in evi-

dence on several persons that male members of the staff had failed to get.

The director has written to Washington for permission to use women as dry agents—and also for the necessary appropriation to pay them.

TRYING TO SMASH URKMAN'S DEFENSE

Continued from Page One

without a charge when he refused to sign a statement incriminating himself and federal prohibition agents in the plot.

Urkan, testifying as the chief government witness, has told a story centering around the point the defense has spent all its efforts thus far, to refute.

Federal Judge Ferdinand Geiger lost his patience today with what he termed, "the lack of organization of the defense." He sought to speed up the attorneys for the defense, who have been delaying the progress of the trial.

The judge called upon the lawyers to arrange their testimony so that there will be no delay between the witnesses.

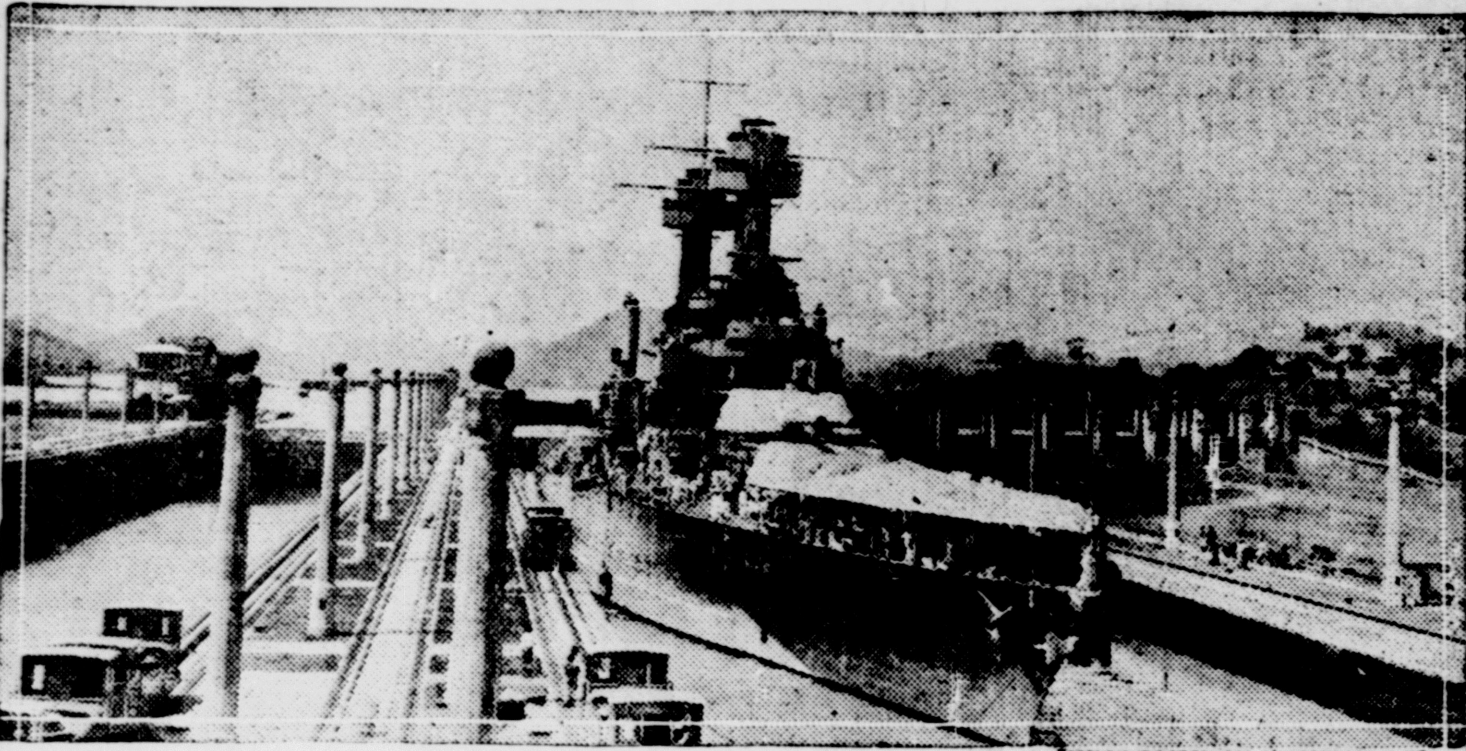

Judge Geiger abruptly adjourned court ahead of scheduled time Saturday afternoon when defense counsel could not agree on who would testify next for them.

The trial was swinging into its final stage with the defense apparently near the end of its testimony. It is expected to reach the jury during the latter part of this week.

GOVERNOR MAKES APPOINTMENTS

Lt. Gov. Branch and Rep. Gottchalk To Serve With Conservation Commission In Park Deal

TO MEET IN GARY APRIL 17

To Make First Step Toward State Acquiring Park Fronting On Lake Michigan

Indianapolis, Ind., March 26—Satisfaction over the appointment by Governor Warren T. McCray of Lieutenant Governor Emmet F. Branch of Martinsville and Representative Thurman A. Gottchalk of Berne as the legislative member to serve with the conservation commission and Richard Lieber, director of conservation in this state today.

Legislative representatives, members of the commission and directors and officers of the National Dunes Park Association will meet at Gary on April 17, to investigate dune land available and the prices at which it may be obtained, which is the first step toward the state

acquiring a park fronting on Lake Michigan, Mr. Lieber announces.

For several years wealthy Chicago people have been interested in the dunes, and have frequently announced they would contribute toward same if Indiana established a reservation therein. Now with legislative action authorizing the state to acquire a park, it is the plan of Governor McCray and Mr. Lieber to appeal to Chicago people to help obtain funds for installing necessary improvements. Among early improvements will be a pier sweeping out into the lake, shelter houses, bath houses and other conveniences. Conservation officials are confident that wealthy Chicagoans will contribute at least a million dollars to develop this park, as the dunes for years have been the mecca of thousands of Chicago people who all season find pleasure, entertainment and rest within its primitive wilderness.

The Dunes park bill provides that not to exceed 2,000 acres, with a lake front of not to exceed three miles, shall be purchased with a levy of 2 mills or one-fifth of a cent on each \$100 of assessed property, applied for eight years. It is estimated that this levy will produce \$840,000. Dune park enthusiasts, following interviews with holders of potential park land, are confident

that a park site can be purchased cheaper than if the land was intended for industrial use. They also express belief that some public spirited citizens desirous of seeing more than three miles in frontage on the lake, will donate land for park purposes.

Mr. Lieber today paid high tribute to Governor McCray for his effective leadership in conservation work in general.

CAUTION AGAINST AMATEUR RADIO SETS

Safety Engineers Point Out Danger From Children Erecting Sets Near "Live Wires"

SEVERAL "DON'T'S" ARE LISTED

Indianapolis, Ind., March 26—Safety engineers who have made a study of radio hazards agree that while any child may be able to operate a radio outfit, it takes an experienced electrician to install one free from fire and other hazards. Many accidents have been prevented by the prompt action of electric power companies, which made surveys of their properties, eliminated aerials in close proximity to live ones and gave warnings and information to the public.

Following is a list of radio "don'ts" prepared by the Indiana Public Utility association:

Never pick up a wire lying on the ground or dangling from a pole. It might be "alive." Report fallen wires immediately to the police or power company. Never attach radio aerials or anything else to poles carrying wires of any sort. Always attach aerials to substantial supports, so located that if either the support or aerial breaks it can not come in contact with other wires. It is quite practical to operate a radio set with an indoor aerial. Do not use kite aerials. Do not attach antennae to chimneys. Someone might be down below when the bricks start falling.

HISTORIC "EXTRAS" TOLD OF GEN. CUSTER'S FIGHT

(By United Press)
Minot, N. D. March 26—It was over a week after General Custer and his 261 scouts of the Seventh Cavalry fell before the outside world had the news.

L. C. Elby, automobile dealer here, treasures an "Extra" of the Bismarck, N. D. Tribune, under date of July 6, 1876, which published the first details of the Custer massacre. The paper was found by a Billings, Mont., man when he was tearing down an old log cabin between Miles City, Mont., and Forsyth.

Among those who fell was the Tribune's correspondent whose last word to his paper was "We leave Rosebud (reservation) tomorrow to meet the Red Devils. I go with Custer to the death."

The paper described, as much as will ever be known from white sources of the Sioux onslaught which killed General Custer and 261 men of the Seventh Cavalry on June 27, 1876.

It tells how soldiers wept when General Terry arrived to reinforce Major Reno, who, attacking from another point than General Custer, had fought desperately for ten days. Together Terry and Reno proceeded to the Custer battlefield, where the soldiers lay mutilated by the squaws.

Carthage Teachers Say They Did Not Copy Jackson School Methods

Teachers of the Carthage schools took exceptions to a story printed in the Daily Republican last Monday, which intimated that they had copied the methods of teachers in the Jackson school building in Rushville, in training their pupils for the music memory contest. The report from the Jackson building said that Carthage teachers visited Jackson school and took its methods into their own school. In reply, Carthage school teachers say that only one of them visited Jackson school and then it was a regular visiting day.

They also point out that they had to use one set of records in three buildings—Carthage grammar grades Washington school in Carthage and the Walnut Ridge school west of Carthage. The report from Jackson school said Rushville schools were handicapped by having one set of records for four buildings, while Carthage had one set and only one building.

A WOMAN'S BACK

The Advice of This Rushville Woman is of Great Value

Many a woman's back has many aches and pains.

Often 'tis the kidney's fault. That's why Doan's Kidney Pills are so effective.

Many Rushville women know this. Read what one has to say about it: Mrs. Gertie Sager, N. Sexton St., says: "Some time ago I was in bad shape with my back and kidneys. My back was lame and sore and when I stooped the sharp cutting pains were unbearable. It felt as though someone were piercing me with a knife. My kidneys were weak and felt heavy and dull and they didn't act right. I heard of Doan's Kidney Pills and got a couple boxes. They soon rid me of the trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Sager had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Advertisement.

NO CHANGES MADE IN ANY GAME LAW

Loren Martin, County Clerk, Receives Letter From State Department to That Effect

SEVERAL BILLS FAILED

All Laws Regarding Fishing, Hunting and Trapping Will Stand as Printed on Licenses

George N. Mannfeld, superintendent of the fisheries and game division of the state conservation department, has called attention to the fact that there were no changes made in the laws on hunting or fishing, and that the present laws will prevail.

Several attempts to pass new laws were made at the session of the legislature, but failed, and in order to correct wrong impressions, the superintendent has written letters to the county clerks, calling their attention to the fact that no changes were made.

County Clerk, Loren Martin, has received the communication, which is set out as follows:

No doubt you will have many inquiries relative to changes in fish and game laws made by the late Legislature. In order that you may answer the same correctly, you are advised that absolutely no change whatever was made in the laws, nor were any new laws added. Matters stand exactly as they did before the session convened. The laws as printed on the backs of the licenses which you now have are correct.

Please bear in mind that the closed season law prohibiting fishing for black bass and bluegills is still in force. The bill to protect crappie,

Two Days At Princess

Constance Talmadge takes a mild slap at romantically inclined young girls in her latest First National attraction, "The Primitive Lover," which is playing at the Princess today and Tuesday. In her screen role of Phyllis Tomley the star portrays a sobby miss who gains her chief emotion from life through reading trashy novels and dreaming of gallant heroes.

Outside of this diversion, life is a prosaic thing surrounded by pots, pans and matter-of-fact husband. Like many present day misses, the young wife fails to find anything that can retain her interest in the daily routine of domestic life. It is only when she comes in contact with the supposedly romantic elements of the world that she awakens to the sham and realizes the value of love and every day life.

Like all of Miss Talmadge's pictures, the theme is treated in humorous fashion and presents a gay comedy. Harrison Ford and Kenneth Harlan have the leading roles in "The Primitive Lover," which is an original story by Edgar Selwyn.

"Good Men And True"—Mystic

The sweep of Western plains, the rugged character of the men and loyalty of the women, the intrigue of blackguards and all the other elements of thrilling interest that Eugene Manlove Rhodes puts into his fiction stories, combine to make "Good Men and True" by all odds the best production in which Harry Carey has ever appeared. It is being shown at the Mystic theatre today and Tuesday.

A story of sound foundation forms the background of "Good Men and True." It concerns the adventures of a cowboy in his campaign for the office of Sheriff. Backed by one of the leading men of the town, he is opposed by a vicious faction, the leader of which is impersonated by the dynamic Noah Beery.

Carey is a delight. In his lighter moments he is splendid, make no mistake. It is the little human touches throughout the story, in fact, that furnish the high lights in "Good Men and True." And for these Carey is responsible.

The scenes of romance, in which he is shown with the beautiful Vol Vale, have deep appeal and Mr. Carey proves himself a swain of truly capable proportions. Then too, the hand-to-hand fight in which he beats off a mob of waiters in a Western cabaret is one of the most thrilling scenes ever flung upon the screen.

At no time is the story permitted to deviate from the main thread of the narrative. The direction by Val Paul is reflected in the many compelling situations. Besides Mr. Beery and Miss Vale, the supporting cast includes Thos. Jefferson, Chas. Le Moyne, Tully Marshall, Helen Gilmore and many supernumeraries.

OBITUARY

Jane Green, only daughter of Thomas and Sarah Gartin Green was born in Ripley township, Rush Co, Indiana November 17th, 1840, died March 12th., 1923, being 82 years, 3 months, and 23 days of age. Her mother died when she was about ten years of age leaving her father and several brothers. Yet while so young with the help of neighbors and friends she kept house for the family. When about 16 years of age she became a member of the Church of Christ at Little Blue River and continued a member of said church until death. She was married to John Leisure, September 3rd, 1857 and to this union was born four children, Jess A.; Sarah L.; Cora A.; and A. O. F. Leisure. Her husband departed this life March 24th, 1913. A. O. F. on November 25th, 1914, Sarah L. September 19, 1921. Hence she leaves one son Jess A. Leisure with whom she had made her home most of the time since the death of her son A. O. F. Leisure. She also leaves one daughter Mrs. Cora A. Dalrymple, also 12 grandchildren and 15 great grandchildren and many nieces and nephews and many distant relatives and friends to mourn their loss.

A precious one from us is gone
A voice we loved is still
A place is vacant in our home
Which never can be filled.

IN MEMORIAM

In loving remembrance of Grace Dewester Wilkinson who departed one year ago March 25, 1922.

"These are the things Death can not take away:
The voice of Dear Grace's, which was ours to know,
Though now those cheeks where roses used to blow,
And those pure lips where smiles were wont to play;
Bright realms as lovely as the skies of May,
Lie as a garden blanketed with snow,
Until the day we, too, must turn to go.

Unchanged and constant shall her beauty stay.
Nor age, nor tears, nor pain, nor cruel care,
Can harm her now, or enter Memory's hall,
She that we loved, so beautiful and fair,
Shall come to us still radiant, when we call."
From all life's dangers now secure is she,
Lovely she was, and lovely she shall be.

Oh if we could just have her back here and all be together, but while she rests in slumber deep we her memory shall always keep. Sadly missed by her loved family.

IN LOVING REMEMBRANCE

Of our dear daughter Ione Piper Pionce, who died 2 years ago today, March 25, 1921. Sad and sudden was the call of her soul, dearly loved by all. Her memory is as dear today as in the hour she passed away. We have missed her coming footsteps. We have missed her everywhere. Home has lost its greatest sunbeam since you left us, Ione dear. Peaceful be thy rest, dear Ione. It is sweet to breathe thy name. In life we loved you dearly, in death we do the same. The moon and stars are shining, on a lone and silent grave. Beneath lies the one we loved, but whom we could not save. There is one who still will linger on the spot where you are laid, who will come and scatter flowers on the grave that Christ has made.

MAMMA AND PAPA

We carry a complete stock of automobile parts and accessories for all makes of cars. No disagreeable waiting for shipments from the factories—they're here when you need 'em. And at the right prices.

STATE WILL REST IN HERRIN MASSACRE CASE

Two Witnesses To Be Presented Today Before Defense Was To Begin With Evidence

PROSECUTION IS SATISFIED

Marion, Ills., March 26.—The state's case against the six men charged with murder in connection with the Herrin massacre was to be completed before the jury in the second trial today.

Despite several rulings of the court sustaining objections raised by defense to state's testimony, leaders of the prosecution today expressed confidence they had built up

an "air tight" case against the six defendants.

"We are satisfied with the evidence we have presented in this trial," Assistant Attorney General C. W. Middlehuff declared. "We have gone further toward establishing the fact of a conspiracy than we did in the first trial. Our case is practically air-tight and I am confident no amount of defense testimony can damage the case."

Two witnesses were to take the stand for the state today.

FRENCH SOLDIER KILLED

Berlin, Mar. 26.—Another French soldier has been killed in the Ruhr by Germans according to reports from Wetter today which state a corporal of the occupying army was slain.

MOTHERS PENSION BECOME A REALITY

Legislature Enacts Law, Giving Courts Power to Have Widowed Mothers Retain Children

NOT IN STATE INSTITUTIONS

Will Give Mothers Allowance, and Relieve Burden From State Schools and Orphanages

Kokomo March 26.—Widowed mothers of Indiana will be allowed to keep their dependent children and will be allowed state compensation for them, rather than have the children sent to institutions, under a law enacted by the legislature which will become effective in May.

Senator Davis of Kokomo fathered the bill which compels courts to grant widowed mothers compensation for dependent and neglected children, and at the same time allows them to remain in the home of the mother, if the mother is of good moral character.

The main change that the bill effects over the existing law providing for the maintenance of dependent children is the use of the word "shall" in the phrase "the court shall grant compensation to dependent and neglected children and to widowed mothers." Under the present law the matter is optional with courts.

Judge Marshall has for some time favored the granting of compensation to worthy individuals and made it an issue in his campaign for judgeship. Since he was elected he had aided three widows and their families under the existing law.

Under the new law the board of children's guardians will have authority to mandate the judge to grant compensation, regardless of the opinion of the court in the case under consideration.

Indianapolis, March 21.—"A Mother's Pension law can be successful only when it has an adequate allowance and expert trained service," said Paul Benjamin, secretary of the Family Welfare society today.

"Such laws," Benjamin continued, "are successful in only half the places where they are operative. It will succeed here only if it is adequately supported financially and if trained workers are used in carrying out the provisions of the law."

A conference is to be held with Judge Frank J. Lahr, of the juvenile court here, in regard to inaugurating the operation of the law.

Before the law, introduced by Senator James A. Davis at the instigation of Judge John Marshall, of the Howard circuit court, was enacted the Family Welfare society took care of those who will now become recipients of state aid. Naturally Benjamin said, they are interested in seeing that the carrying out of the provisions of the statutes are effected properly.

FIVE DIE OF POISON LIQUOR

Twelve Cases Of Alcoholic Poisoning Reported In Philadelphia

Philadelphia, Pa., March 26.—Following five deaths from poison liquor and 12 lesser cases of alcoholic poisoning over the week-end, federal authorities and city police today combined forces to run down the source of the "liquid death."

The investigations were under way today. One is being conducted by the police headed by Captain Souder and Lieutenant Benschaw, another by federal authorities headed by William J. McClure, prohibition group head and a third by the coroner's office.

Police said today that one of the victims of the poison liquor gave several addresses where the stuff was sold. The liquor is sold at ten cent a drink, three drinks for a quarter, according to the police.

MRS. H. J. COX GIVES STATEMENT OF CASE

Emphatic in Declaring Tanlac Overcame Stomach Trouble When All Else Failed

"Just think of it, ten years suffering ended in much less than that many weeks," is the enthusiastic statement made a few days ago by Mrs. H. J. Cox, 85 Archwood Ave., Akron, Ohio, in relating her wonderful experience with Tanlac.

"Ever since my college days ten years ago, I suffered constantly from stomach trouble and constant spells of acute indigestion. I would almost suffocate at times from the gas on my stomach, which also caused fearful pains around my heart. This constant suffering kept me always exhausted and miserable and try as I might, I could get no relief whatever.

"But here it is the Tanlac treatment has freed me at last of that indigestion and stomach trouble so completely that I can eat whatever I want without ever feeling a sign of distress. I have gained a number of pounds in weight, too, and am feeling just grand in every way. Tanlac has certainly showered rich blessings on me."

Tanlac is sold by all good druggists.

Over 35-million bottles sold.

PLAN A CRUISE ON SPANISH MAIN

Students, Teachers and Others of New York University, Plan Excursion This Summer

ON EDUCATIONAL ENTERPRISE

Caribbean Sea, Islands, and Historic Countries Will be Visited by Party on Trip

New York, March 26.—Cruising the Spanish Main in search, not of golden doubloons and pieces of eight, but of nuggets of knowledge, is the latest thing in educational novelties. Such a cruise has been arranged by Dean A. Wellington Taylor of the Graduate School of Business Administration of New York University. It will follow the wake of the bold buccaners who have tinged successive waves of juvenile literature with carnage, but it will not be made in one of the "low black hulls" so dear to the Captain Kidd school of fiction, the Pantores, one of the Great White Fleet of the United Fruit Company line of steamers having been obtained to carry the tourists.

It is expected that a large part of the company will be made up of college students who will be able to combine an interesting and instructive vacation with an opportunity to gain from two to four points toward a college degree. New York University has consented to award these college credits because it regards the tour of exceptional educational value. Such of the tourists as seek such college credits will be required to attend lectures given en route by Dean Taylor and by Prof. Paul J. Salvatore of the Department of Spanish of the Stevens Institute of Technology. These lectures will deal with the economic, political and historical phases of the countries visited. School teachers and business men interested in commercial conditions

Blackheaded Pimples Quit With S.S.S.

Why? Pimple-Poison Goes When Red-Blood-Cells Increase! S.S.S. Builds These Red-Blood-Cells. You can be sure of this, nature has no substitute for red-blood-cells. Pimple-poison can't live in the red rivers of your blood as long as there are enough rich red-blood-cells in it. More red-blood-cells!

That is what you need when you see pimples staring at you in the mirror. Black-headed pimples are worse! Eczema is worse yet! You can try everything under the sun—you find only one answer, more cell-power in your blood! The tremendous results, produced by an increase in red-blood-cells is one of the A. B. C.'s of medical science. Red-cells mean clear, pure rich blood. They mean clear, ruddy, lovable complexions. They mean nerve power, because all your nerves are fed by your blood. They mean freedom forever from pimples, from the blackhead pest, from boils, from eczema and skin eruptions, from rheumatism impurities, from that tired, exhausted, run-down feeling. Red-blood-cells are the most important thing in the world to each of us. S. S. S. will build them for you. S. S. S. has been known since 1858, as one of the greatest blood-builders, blood-cleansers and system strengtheners ever produced. S. S. S. is sold at all drug stores in two sizes. The larger size bottle is the more economical.

THE HOME GARDEN

SEED SOWING TECHNIQUE

There is quite a trick to sowing seed evenly and thinly, but it is easily done when you know how.

Professional gardeners who have large quantities of seed to sow usually use a wheel hoe with a seeder attachment or a seeder, horse drawn. However, when the seed is to go in boxes or hotbeds or in small quantity, he sows it direct from the packet with a steady motion that drops the seeds evenly and not too thickly in the row made for it.

First of all, after prying the flap loose or cutting the edge of the packet, make a crease in one side of it so that when you hold the edges between the thumb and second finger, the forefinger being above it, the opening will be almost triangular, the edges of the packet being held firmly enough to force the crease apart so that it makes a trough down which the seed may flow.

Now tilt the packet gently and tap it with the forefinger, which will be free above it. With a little prac-

tice you can move along a row taping the packet regularly and the seed will trickle out as fast and as thickly or as slowly and as thinly as you desire.

This is a much easier way than trying to take a pinch of seed between the thumb and forefinger and scatter it.

Where seed is very fine, mix two or three times its bulk of fine sand with it, and this will serve to distribute it thinly enough. With very fine seeds that pour out too rapidly some such device is necessary. The sand also fills the useful purpose of showing where the seed has been sown if you are broadcasting it and want an even distribution.

With very fine seed no soil covering should be used, but the seed should be pressed firmly into the soil with a brick, smooth block of wood or some similar device. Mere contact with the soil is sufficient to promote germination if proper moisture is provided. Covering with soil is likely to smother the seedlings.

in the Caribbean will also be among the tourists.

The Pantores, which will be the home of the tourists throughout the cruise, will leave New York July 21 and will make its first stop at Havana four days later. The Cuban metropolis and adjacent points of interest will be visited, following which a three-day cruise over summer seas will put the tourists in the Canal Zone. There will be a trip to the Pacific end of the Panama Canal and then a run up the Central American coast to Port Limon, Costa Rica. A special train will take the tourists to San Jose, the capital of Costa Rica, a climb of 6,000 feet in less than one hundred miles. The tourists will be back in New York August 9.

THREE MEETINGS ARE HELD SUNDAY

Continued from Page One
referring to the words of the child's hymn:

"Repentance is to leave The sins we loved before, And show that we in earnest grieve By doing them no more."

He spoke first, concerning sin, as follows:

"True repentance will seek with all its will power to renounce evil in thought, evil in words, evil in deeds. True repentance is most beautiful. Jesus said, 'There is joy in heaven over one sinner that repenteth.'"

"Ah, Christian, did you say there was no joy over your repentance; there was no happiness in your religion? How did you leave your sin? Did you go limping away from it? Did you say, 'Sin I'm sorry to leave you, we have been good friends. But I must leave you now. Possibly I can come back and see you some time. Is that the way you parted?'"

"Or did you say, 'Goodbye sin. Be gone. I'm done with you forever. Be gone.' Then you turned and walked away from it, never, with God's help, to return. You say you have been repented? Then you will have to show me by your life and it's relation to Christian duty.

"A repentance that does not root out your sin isn't worth bothering with. If it doesn't make you a new creature, it isn't worth having. If it does not get hold of the depths of your soul and make you a new creature, you will never be satisfied with it. It is a mockery."

Secondly, he spoke concerning God's Son:

What is repentance? It is not promising to be better. It is not singing of hymns, or church going. It is more than that. It is not crying, or emotional excitement. It is more.

Luke tells of the sheep which was lost and how they sought it. He also tells of the lost coin and how they sought it. Both were lost because they were out of relationship to their accustomed place. The son was lost because he went away from his father's house. He was rebellious before he had received a penny. No person went out after him to bring him back. Why? Because he was a

moral agent, accountable to God for his own acts. The father might have taken all his servants and carried him back but he would still have been prodigal. No man can come back until he returns by the choice of his own will.

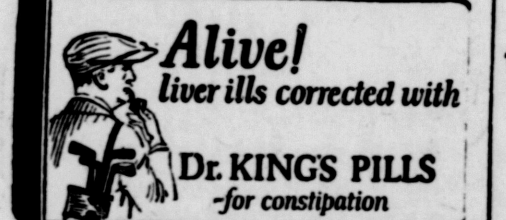

"All that Jesus has done on Calvary and in eternity stands defeated before the citadel of the human will. He went away of himself and he must come back of himself.

"After all we have said and done, you and you alone must change your whole life attitude toward sin and toward Jesus Christ.

"We can repeat John 3:16 from memory. We know God's love. We know Romans ten, verse nine, but we must also know Isaiah fifty-five, verse seven. Read these carefully and you will know the way of the soul back to its heavenly home. Then pray God to give you the help to turn from your sin and follow in the way that leads to heaven."

NOTICE

Notice is hereby given that there will be a congregational meeting held in the First Presbyterian Church on Thursday evening April 5th, 1923 at 7:30 o'clock for the purpose of electing one Trustee to serve said church for a term of three years. By order of the Session.

Minnie Means McKeeman Seeks \$1,698.39 From Estate Of M. S. Huntington, Deceased Physician

INTIMATION OF FRAUD FOUND

Attorneys For Plaintiffs In Hancock County Case Say No Account Of Loan Was Ever Found

A venued suit from Hancock county, involving people of the New Palestine vicinity, got started this morning in the circuit court before a jury, the case being filed by Minnie Means McKeeman against the estate of Milton S. Huntington, a deceased physician of New Palestine.

The plaintiff demands judgment for \$1,698.39 on a claim, which she alleges is due her for money loaned, services and attention given to the deceased.

The claim is listed in many items and covered a long length of time. In the opening statement to the jury, the plaintiff's attorney admitted that there was fraud on the part of the jury, the plaintiff's attorney intimated fraud on the part of the deceased's friends in settlement of the estate.

According to the attorney, the physician borrowed money time and again from the plaintiff, who was Minnie Means before her marriage, and she performed many services for him besides lending money. He was committed to the asylum for the insane and released, and was found dead in the haymow, of the barn at his home, having committed suicide on September 22, 1921. May, who occupied a seat with the defense, and attempted to cast reflection on him by stating, that when the dead body was found, Dr. May made the discovery, and that no will or book account was ever found afterwards, showing that he owed Mrs. McKeeman any money.

The claim was filed, and is being tried on the evidence to be produced as no notes were given for the money obtained. Dr. May was also referred to as being responsible for having him sent to the asylum, and he was charged with having left orders at the institution that Mrs. McKeeman was not to see him.

The case will probably require two

NONE OF RUSH COUNTY CONTESTANTS WINNERS

Mildred James Of Alexander School Second In Music Memory Contest For Rural Schools

RUSHVILLE GIRLS ON PROGRAM

None of the sixth district contestants in the state music memory contests, all of whom were from Rush county, won first place in any of the three sections of the contest, which was held Saturday afternoon in Indianapolis, but Mildred James, who represented the district in the section for rural schools, was placed second. The James girl attends the Alexander school west of Rushville.

Esther Garkins of Hendricks county won first place in the rural schools competition. Mildred Frazer of the same county was first in the section of the contests for grammar grades and Lorene Hicks of Stilesville, Hendricks county, was first in the high school competition.

Two Rushville grammar grade pupils had a part on the program Saturday night, which marked the close of the annual convention of the Indiana Federation of Music Clubs, of which the music memory contest was a part. The closing program was devoted to a dramatization of some of the numbers that were used in the contest.

TO GIVE BOOSTER BANQUET

Young Men's Circle Of Christian Church Sets Goal At 100

The Young Men's Circle of the Main Street Christian Sunday school will hold a "Booster Banquet" in the basement of the church Wednesday evening at seven o'clock. The Circle has set its goal at an attendance of one hundred in the class each Sunday morning, which will amount to a doubling of the usual attendance.

The Rev. L. E. Brown, pastor of the church, will speak at the banquet which will be served by the women of the church. Will P. Jay will tell some funny stories and music will be provided by Homer Cole's orchestra.

THREE MEETINGS ARE HELD SUNDAY

Large Crowd Mark Services at First Presbyterian Church, Including One For Women in Afternoon

A SERMON ON "REPENTANCE"

It is a Change of Mind and of Life's Purposes, Pastor Declares at Sunday Evening Meeting

Large crowds marked the three meetings held Sunday in connection with the pre-Easter services being held at the First Presbyterian church. They will be continued all this week, with the Rev. Gibson Wilson, the pastor speaking each night, and Mr. and Mrs. Gerald Bonney in charge of the music.

Mrs. Bonney spoke at a meeting for women and girls at the church Sunday afternoon at three o'clock. The main auditorium of the church was full, close to three hundred attending.

The Rev. Mr. Wilson spoke Sunday night on "Repentance" and Sunday morning on "Jesus' Triumphant Entry."

The boosters chorus, composed of school boys and girls, gave a performance Saturday evening under the direction of Mr. Bonney, showing rare ability as a chorus after only a few days training.

Repentance is a change of mind, the Rev. Mr. Wilson asserted in his Sunday night sermon, taking for his text, Mt. 4:17, "Repent, for the kingdom of heaven is at hand."

Repentance is not only a change of mind, but also a change of life's purposes, the pastor pointed out.

THREE ARE KILLED IN APARTMENT HOUSE FIRE

Mother and Daughter are Found Clinging Together in New York Home—Woman Leaps to Death

ONE A LEADING ACTRESS

New York, March 26—Three women were killed in a spectacular fire which swept through the Princeton apartments in the theatrical district here today.

The bodies of a mother and daughter were found clinging together in a small room in one of the upper stories. Another woman was killed when she leaped from a window.

The dead: Mrs. Mary Sitzler, 65, actress, who played a leading role in "The Gold Diggers".

Miss Emily Sitzler, 35, her daughter.

Annie Fries, 25.

The blaze swept through the old building in a flash, destroying the stairways and isolating those on the upper floors.

Women aroused from their beds ran screaming to the windows while firemen hoisted aerial ladders and carried some to safety.

The ladders would not reach to the two top floors.

Miss Fries in hysteria, leaped from the window of her room and was killed on the pavement below.

THREE SCHOOLS DIVIDE HONORS

Raleigh, New Salem And Milroy Students Win In County Latin Contest Held March 16

AWARDS ANNOUNCED TODAY

Questions Submitted By Latin Department At Butler And Papers Graded By State Department

Awards were announced today in the county Latin contest which was held here March 16, when the Latin students of the county schools assembled here for the one day examination, and honors were divided for first place Raleigh, New Salem and Milroy in the three divisions.

In the first division, composed of elementary Latin, Edith Carson of Raleigh won first; Mary Cloud of New Salem and Elsie Weingarth of Manilla tied for second place and Mildred Billings of Gings, fourth place. The highest received 98 per cent, and those who tied received 95 percent, and the fourth received 93.

In the second division Phyllis Maple of New Salem with 93 percent won first; Reba McIlwaine of Milroy and Pauline May of Arlington tied for second place with 91 percent; Louise Davis of Milroy and Walter Bullock of New Salem tied for third place with 88 per cent.

In the third division, for more advanced students, Howard Morgan of Milroy won first with 94 percent; Yuma Houghland of Milroy in second place with 87 percent; Opal Kuntz of Manilla, third with 81, and Mary Brown of Manilla, finished fourth.

The question for the tests were submitted by the head of the Latin department at Butler college, and the papers were sent to the state department of education to be graded which accounted for the delay in announcing the standing of the pupils.

The work here was in charge of Miss Helen Jaghne of the Milroy school, who is county chairman.

The pupils who took part in the county contest and the division entered were: Elva Stamm, Glenwood, I; Belva Beaver, Glenwood, II; Ruth Billings, Gings, I; Louise Davis, Milroy, II; Reba McIlwaine, Milroy, II; Walter Bullock, New Salem, II; Phyllis Maple, New Salem, II; Bertha Stevens, Milroy, I; Naoma Nash, Gings, I; Helen Freeland, Glenwood, I; Walker Reed, Glenwood, II; Arthur Cortner, Gings, II; Russell Beckner, Arlington.

FINED ON CHARGE OF PUBLIC INTOXICATION

Lawrence Schibi, Truck Driver, is Arrested When Bottle of Whiskey Drops From His Pocket

COLORED MAN IS IN JAIL

Two cases were docketed in police court during the week end, with the arrest of Lawrence Schibi, a truck driver on a charge of intoxication, and Cassius Flowers, colored, on a charge of assault and battery on his wife.

Schibi was driving a load of household goods, accompanied by his wife and child from College Hill, Ohio to Mooresville, Ind., and in passing through New Salem, the machine went off the road and people reported that a bottle of liquor fell out of his pocket. He was stopped here by officers, and only a drink remained in the bottle, and he was booked on an intoxication charge, receiving a fine of \$1 and costs by Mayor Thomas, and the fine was paid.

Patrolman Havens was called shortly before midnight last night to 610 East Seventh street, where Cassius Flowers and his wife were creating a disturbance in the neighborhood and he was jailed on an assault charge. He is to be given a hearing tonight in police court, before Mayor Thomas.

FARMERS ASKED TO PAINT MAIL BOXES

Postmasters Urged At Semiannual Inspection In April To Note Condition Of Receptacles

URGE FARMERS COOPERATION

So Long As Box Remains Weather-Proof, Service Will Not Be Withdrawn Regardless Of Paint

Farmers are asked to keep their mail boxes looking good and give them a coating of white paint whenever necessary, in an order sent to postmasters by the postoffice department at Washington. Farmers are also requested to paint the name of the head of the family or the persons receiving mail, on the box.

Postmasters are advised to take note of the condition of the boxes on the rural routes at their semi-annual inspection in April and to notify the patrons whose boxes are dilapidated, that they should be painted, but it is specifically set out that the department will not permit withdrawal of service from any patron for refusing to paint his mail box, providing it is weather-proof and is serving the purpose for which it was intended.

The order to postmasters reads as follows:

The special attention of postmasters at offices where rural delivery routes are in operation is invited to the need for improving the appearance of mail boxes on these routes. These boxes at the present time, as a rule, present a very unsatisfactory appearance due to the fact that the galvanized or aluminum finish has worn off on account of exposure to the elements, to such an extent that the base metal has been exposed and in many cases has rusted. It is the purpose of the department to improve the general appearance of rural mail boxes throughout the country, so that they may be a credit not only to the Postal Service but to the community through which the rural delivery route operates.

It is desirable that the boxes be painted white with the name of the head of the family or families receiving mail in the box painted on both sides of the box in neat black letters one inch in height; also that the painting be done at least once a year. It is requested that the posts or supports to which the boxes are attached be painted white. This will improve not only the appearance of the boxes but will add materially to the life of the boxes and posts.

Postmasters at the time of making the regular semiannual inspection of rural delivery routes at their office, during the month of April, 1923, and at the time of subsequent semiannual inspections, are instructed to take particular note of all rural mail boxes which do not appear to have been painted within the past one or two years, if old boxes—or within the past five or six years; they are furthermore directed to politely request the owner in writing to paint the box and post in accordance with the above instructions and to neatly stencil or print his name on the sides of the box. It is believed that this request in the large majority of cases will have the desired result.

It must be distinctly understood that the department will not permit the withdrawal of service from a rural mail box which the owner refuses to paint so long as the box remains weather-proof and a fit receptacle for mail. However, it is believed that the cooperation in this endeavor of all patrons of rural routes throughout the country can be secured through postmasters and the appearance of the boxes materially improved. Your interest is solicited and a special report from you as to the results obtained will be appreciated.

COLORED MAN IS FINED

William Tuttle of Carthage, colored, who pleaded guilty Saturday morning in the circuit court on a charge of assault and battery, was released from jail Saturday after he paid his fine and costs, amounting in all to nearly \$37. His fine was \$25 and costs.

TRYING TO SMASH UKMAN'S EVIDENCE

Defense In Gary Conspiracy Case Still Endeavoring To Refute State's Leading Testimony

JUDGE LOSES HIS PATIENCE

Calls Upon Lawyers For Gary Officials To Organize Witnesses So There Will Be No Delay

(By United Press)

Indianapolis, Ind., March 26.—Trying to smash the damaging testimony of Phillip Ukman, attorneys for Gary and Lake county officials and other defendants in the Gary liquor conspiracy trial today presented more evidence to incriminate Ukman in a plan to blackmail bootleggers on forged government search warrants.

Ukman's testimony has been the target of the defense counsel since they started presenting evidence and success of their efforts would impair the government's case against the Calumet officials, among them is Mayor Roswell Johnson of Gary.

Leslie Parry, a Hammond newspaper man, occupied the witness stand the greater part of the morning. Through his testimony the defense sought to corroborate previous evidence and to develop these points: That Ukman was arrested on a bonified charge of bribery. That he was not treated violently and that profane language was not used at the time of his arrest.

That marked money was found on his person in the scheme to apprehend his blackmail plot.

That torn counterfeit federal warrants were found in his clothing.

That Ukman was not beaten into insensibility and thrown into jail.

SAYS WAS PROMISED DIVISION OF SPOILS

Quinto Rosetta Testifies He Was Offered Share For Testifying Against Cult Leader

REFUSED IN THE SHOWDOWN

(By United Press)

Grand Rapids, Mich. March 26.—Brother testified against brother today in the \$80,000 damage suit brought by John W. Hansel against Benjamin L. Purnell, "king" of the House of David, religious cult at Benton Harbor, Mich.

Quinto Rosetta, brother-in-law of Mrs. Esther Hansel, and brother of Emil Rosetta, today took the stand for the defense. He testified that a promise of a "division of the spoils" was made him by Mrs. Hansel in October, 1921.

"The money proposition sounded pretty good to me and we talked it over," he testified.

He added that later he received a letter from his brother, Emil, witness for the Hansels, stating that if I didn't fall in line with them, "they would see that I did."

He further testified that when it came to a show down, Mrs. Hansel told him that he would swear that Benjamin had been intimate with her. He asked if this were true and she replied "no."

Rosetta was employed as a night watchman for some time at "Shuloh" Benjamin's home at the colony.

"THE CROSS" TO BE TOPIC OF SERMONS

The Rev. H. W. Hargett To Deliver Special Series At St. Paul's Church This Week

THREE SERVICES ON SUNDAY

Sunday Morning Decision Day For Children—Pastor Speaks To Men's Meeting In Afternoon

The special meetings which are being held at the St. Paul's Methodist Episcopal church will continue throughout this week and the pastor, the Rev. H. W. Hargett, will take "The Cross" for the principal subject of his sermons. Tonight he will speak on "The Way of The Cross"; Tuesday night on "The Offense of the Cross"; Wednesday night on "The Burden of the Cross"; Thursday night, the Rev. S. L. Polovina, "Methodist Sam," will speak; and on Friday night the subject will be "The Joy of the Cross."

At tonight's services the Sunday School teachers, together with their classes, will attend in a body and hear the pastor's talk.

Sunday morning the pastor spoke on "The Great Divide," taking his text from John 19:18. The main point in this sermon was the drawing of the picture of Jesus on the Cross, and the great question was asked, "Are you going to accept Christ, or reject Him?" It was mainly a decision day for the children, thirty coming forward to accept Jesus.

The Rev. Mr. Hargett addressed a men's meeting in the afternoon, following a "sing" conducted by Gerald Bonney, singing evangelist at the First Presbyterian church. The audience was led in the singing of a number of favorite gospel hymns by Mr. Bonney.

At the evening service the pastor told the story of "Terah," who was a maker of idols. His son Abraham, who was noted as a great thinker, eventually saw the wrong in worshipping idols and destroyed all his father's images. Terah seeing that this would be a detriment to his business, decided to move, and he and Abraham set out for the Land of Canaan, the "Promised Land." However, they did not get to their destination but stopped off at Haran.

The Rev. Mr. Hargett pointed out that this was the way with too many of the people; they set their aim for a high goal but never reach it. They stop too soon. They start to seek Jesus but stop before they have reached "The Promised Land," he pointed out.

He closed his sermon with the

GREAT TRAGEDY SUCCEUMBS TO ATTACK

Sarah Bernhardt, 78, Noted French Actress, Dies Following Brave Battle Against Disease

ON STAGE FOR SIXTY YEARS

Paris, March 26—Madam Sarah Bernhardt is dead. The great actress died at her home here today after a lingering illness. She clung grimly to life and continued to breathe for hours after doctors abandoned all hopes.

An infection of the kidneys of long standing was the cause of death.

Bernhardt was 78 years old. Despite advice of physicians during the last year that all strenuous activities be given up she insisted upon appearing whenever possible.

Several times in the winter months she suffered relapses and the end was considered inevitable. Though by the exercise of her uncountable will, Bernhardt struggled back from the door sill of death and asserted she would live many years yet.

For more than sixty years Bernhardt had been before the public admired by the world, courted by kings and princes in her younger days.

MUNCIE MAN ONE OF 250 HEIRS AFTER N. Y. LAND

Muncie, Ind., March 26.—Benjamin Turner whose father was born in Holland and who claims to be a great grandson of Queen Anne of Holland, is one of the 250 heirs seeking \$850,000,000 worth of real estate in the heart of New York city said to have once been the property

of Peter Clarence Wijkhoffen. Mr. Turner, has little hopes of realizing anything from the estate, declaring the cost to fight the interests involved is too great and the task too difficult. The original lease to the land, he says, was at one time in possession of his own family. Mr. Turner declares he has often heard his father tell of meeting Queen Anne when on one occasion she visited their home in Holland.

REORGANIZES FOR THE YEAR

Plum Creek Christian Sunday School Elects Officers Sunday

The Plum Creek Christian Sunday school closed a very successful year Sunday and reorganized for the coming year which, it is hoped, will be the best in the history of the church. The following officers for the year were elected:

Superintendent, Jesse C. Brooks; assistant superintendent, Homer Hall; chorister, Homer Hall; assistant chorister, Mrs. Effie Whitton; secretary, Miss Estella Carson; assistant secretary, W. H. McMillin; treasurer, William Eitel.

The yearly report showed an average attendance of 118, the largest attendance for one Sunday being 237.

Special services will be held Easter Sunday, both morning and evening. Sunday school is held every Sunday morning at 10 o'clock, with preaching services the first and third Sundays of each month at 11 a. m. and 7 p. m.

Bright Spots in News

New York.—Genevieve Brecker, 12, is being held by police charged with being a bootlegger. She is said to have sold a bottle of whiskey to Frances Callahan, 17.

New York.—M. H. Chapman, 75, of Millington, Conn., stopped here on the last lap of his hike from Miami to Alabama, where a \$5,000 legacy awaits him. "I am going to live another 75 years, at least," he said.

New York.—The Associated Undertakers of New York have gone on record as being strongly opposed to the exhumation of Tut-Ankh-Amen. "It is revolting to think of such an indignity," they declared.

NAMED DEPUTY ASSESSOR

John F. Mapes of Glenwood, former trustee of Union township, has been appointed deputy assessor for the township, on account of the illness of the assessor, who has been confined to his home with illness since the assessing season began March 1.

A dozen students of the Carthage high school, members of the Civics class, were in Rushville today with their teacher, Miss Harriet Rawls, attending the session of the circuit court, studying the methods of court procedure at a jury trial. The members of the class arrived early, and were taking in the court from the examination of jurors to the completion of evidence.

LAST OF LYCEUM COURSE

Joseph Crowell Will Speak at Arlington Tuesday Evening

Joseph Crowell, character portrayalist and entertainer, will give the fifth and last number of the lyceum course, which was presented during the winter under the auspices of the senior class of the Arlington high school, at the school gymnasium Tuesday evening at eight o'clock.

Mr. Crowell is said to be an impersonator of great ability, and by the use of wigs, grease paint, make-up, costume changes and dialect, depicts and interprets his characters. His impersonations are said to be strikingly true to life and the whimsical types he represents are intensely interesting and many of them are screamingly funny.

STATE PREPARES TO REPLENISH STREAMS

Conservation Department Will Receive Applications For Restocking Rivers Until April 1

STATE HAS FOUR HATCHERIES

Indianapolis, Ind., March 26.—April 1 marks the last day this year when applications will be received for stock fish provided by the four state hatcheries, says George N. Mannfeld, chief of the fish and game division of the state conservation department, who urges persons desiring stock fish to file before that time. Blanks for this purpose may be secured by writing the conservation department.

More than 500 applications for fish to be sent to practically each county in the state are now on file Mr. Mannfeld says. Fish obtainable at state hatcheries for stream and public water stocking are large and small-mouth bass, bluegill, crappie, yellow perch, wall-eyed pike and perhaps a few channel cat. For the first time the state will this year at the Riverside hatchery attempt to propagate the latter specie.

Mr. Mannfeld says that work will start soon on a new loading station and garage at the Riverside hatchery which, upon completion will make this hatchery fully equipped in every particular. The state has 26 and the Marion County Fish & Game Association 5 breeding ponds at this place.

STATE TAXES MAY BE APPRECIABLY LOWER

Gasoline Tax Measure and Increased License Fees For Automobiles Will Help to Pay Debts

JUSTIFICATION FOR FORMER

(By United Press)

Indianapolis, Ind., March 26.—"For the present it appears that the tax rate for Indiana may be appreciably lower," said Philip Zoercher, state tax commissioner, in an interview with United Press today.

"The gasoline tax measure and the increased license fees for automobiles will help materially in paying the state's debts," Zoercher said. "The former is an equitable tax, in my opinion, for it puts the cost of the roads on persons using them the most. Suppose you and I both have cars costing \$1,500. If I run my car 20,000 miles in the year and you run yours only a couple of thousand. It stands to reason that I should pay much more for the roads than you, and to direct proportion to the amount I use the roads, which is what the gasoline tax compels. "I don't see quite how anyone could object to that law, do you?"

FUNERAL SERVICES TODAY

George W. Westerfield, 67, Dies at Home in Manila

Funeral services for George W. Westerfield, age 67 years, were held this afternoon at two o'clock at the Christian church in Manila, with burial in the cemetery at Manila. The deceased, who was commonly known as "Bady" Westerfield, expired Saturday morning at his home in Manila, following a four weeks illness with influenza.

Mr. Westerfield's condition was improved last week, and his death was unexpected, being found dead in bed on Saturday morning. The deceased had spent his entire life in the Walker township neighborhood, and was highly esteemed by all who knew him.

He was a member of the Christian church and the Red Men lodge. He is survived by his widow, one daughter, Mrs. Deastamona Powell of this county, and one son James Westerfield of Manila. Two grandchildren also survive.

A COMPLETE SALVATION:
—The very God of peace sanctify you wholly; and I pray God your whole spirit and soul and body be preserved blameless unto the coming of our Lord Jesus Christ.—1 Thessalonians 5:23.

A New Suit For Both

When spring comes around nearly everybody wants a new suit. They want to look the part. They don't want to be considered back numbers.

That is good as far as it goes, but it doesn't go far enough.

The home and its surroundings should keep pace with our personal appearances. It doesn't look just in accordance with the fitness of things to trip along in new toggery and stumble over tin cans and other refuse in the front yard.

Get the new spring suit, by all means. You will look good to others and better to yourself.

But let's dress up the old town at the same time. If every citizen would take proper care of his own premises there wouldn't be any eye sores left—there wouldn't be anything to criticize.

Now wouldn't that be great—nothing to criticize?

We could easily set out new shrubbery, and plant acres of beautiful flowers, and keep the yards and parkways green.

We can not live forever, but we can enjoy life more while we are here if we go about it in the right way.

No don't shrug your shoulders and say it is "too much of a job". for it is not. Nothing is a big job for the

man who makes up his mind that the job is a small one.

Increased Savings

Heavy increases in the total savings deposits for 1922 in the 880 savings institutions reporting to the Federal Reserve Board are shown in a report made by the board. The average increase of the reporting institutions, said to represent about 77 percent of the total savings for the country, was given as more than half a billion dollars for the twelve month period.

Savings deposits in the 880 banks aggregated \$5,837,363,000 on January 1, 1922 and \$6,282,172,000 on January 1, 1923, a gross increase of more than \$445,000,000.

The increases shown were almost equally distributed over the country, the boards figures showing that every Federal Reserve District had greater savings deposits than on the preceding January 1.

The above figures embodying the report of 880 banks are in accord with the report just issued by the American Bankers' Association which shows that the increase in savings for all the banks of the country in 1922 over 1921 total \$1,550,000,000.

The figures are respectfully referred to those who doubt the soundness of the foundation upon which American prosperity is based.

Poor Circulation

Is your circulation poor? Are you shy on pep? Are your heart beats becoming slow and weak?

In New York an electrician was knocked out by a sudden shock. His associates found that there was no pulse and his heart had ceased to beat. Presumably he was dead.

But instead of rushing off for doctors they seized clubs and beat the victim unmercifully on the soles of his feet. The beating restored the circulation and the "dead" man was soon back at work again, thankful for the beating he had received.

Try it out yourself. If your feet hold out you may live forever.

STATE CAPITOL BACK
TO THE USUAL ROUTINE

Indianapolis, Ind., March 26—Din and turmoil, the resounding smack of political mallets, and the ever-present hub-bub of legislative days have forsaken Indiana's stately capitol building, and today those halls have settled back to a steady buzz of everyday business. Beyond the frequent scratch of an official pen, the clatter of a consignment of automobile licenses, the swish of a secretarial skirt or the air of a structure bleak as the house of Usher.

Warmer days have meant little necessity for artificial heat and even the downpour of sleet has diminished. The legislature adjourned pilgrimages to the state museum have increased, and nothing but memories of glamorous lawmaking days endure.

**Mexico Does Not Have Intention To

Famous Constitution**

By FREDRICK G. NEUMEIER
(U. P. Staff Correspondent)

(Copyright, 1923, by United Press)
Mexico City, Mexico, (By mail to the United Press).—Mexico has decided to work out its own salvation without the "paternal blessing" of the state department in Washington.

I learned this authoritatively from a very high official of the Obregon government.

This official informed me that Mexico does not have the intention to reform Articles 27 and 123 of the famous Mexican constitution or the agrarian law to meet the requirements of recognition as laid down by Secretary Hughes.

The Mexican government, he stated, understands thoroughly that while Hughes is secretary of state there can be no recognition until these legislative changes have been effected.

The government, he added, believes on a fifty-fifty basis that it is capable of effecting rehabilitation without recognition, in other words that recognition is not at all necessary for Mexico to progress.

Diplomatically through the White House, this official stated, the Obregon government would do nothing. However he did intimate that the Mexican people would appeal direct to the people in the United States and to the "liberal" bloc of senators recently elected to the United States Senate.

President Obregon took the office of presidency over two years ago after being elected by a majority of about twenty-four to one.

Today I find this country at peace although economic conditions may be considered serious. Expenses are being reduced and the army has been cut and as recently pointed out to

On the Second
Every Second

Human wants are constant and continuous. Food, clothing, shelter, and their infinite subdivisions are daily needs.

There is not a clock tick that does not register a million human desires.

The daily newspaper is the closest thing in the world to the people's daily wants. It is an expression of the ever pressing desire for news.

The advertiser who uses the daily newspaper reaches people with his message at exactly the right moment.

Somewhere, with some person wanting something, newspaper advertising registers every second of the day.

It brings buyer and seller together because it brings the right message at the right time.

There is no advertising medium so close to the people as the afternoon daily newspaper.

me by General Calles, prime minister to Obregon, "the entire country is working." Calles continued:

"Farmers are not turning their plow shares into swords, but just the opposite—they are turning their swords into plow shares."

The high government officials quoted above, who is not Calles, would not allow his name used for obvious reasons, gave me a very interesting inside view of the Obregon regime.

He said:

"When Obregon became president and for some time after holding that office, his only love affair, his lone passion, his infatuation, was that with Dame Recognition. He was ready to do everything that he could for this love affair. He expelled labor leaders, ousted what was termed radical governors, wobbled from side to side and never made a straight answer. To his fellow revolutionists who fought with him, his actions caused only wonderment.

"Later after the decision on Article 27 and after Hughes had made the demands for legislative reforms, Obregon took a radical stand. He took the position which the farmers and workers wanted. His 'no' to M. Hughes was a 'yes' to his followers.

"Obregon took the stand that part of Article 27 could not be changed, leaving the other part untouched and when he turned down Hughes' proposal, he had to come out flat-footed for the agrarian reforms. He found that in Mexico the church did not draw any line of demarcation between its religion political and social activities.

"It wasn't until the now famous Murguia revolution that the lines were tightly drawn. At one time this revolution looked, according to press reports, as a serious action against the Obregon government but it ended only to strengthen the Obregon government. The country was not ripe for a revolution, the people were satisfied. The peasants and the laboring people really made the capture of Murguia possible. They, in a secret underground way which they had learned during the Carranza revolution communicated with the federal troops and told them of the march of Murguia.

"The peasants and the workers continually were on the watch for Murguia. When Murguia was given refuge by a priest in a church, the pressman that the action of President took action which resulted in the capture and execution of the counter-revolutionary leader.

"It was then that Obregon saw who his friends were. He realized that in order not to suffer the same fate as Madero, who made overtures to the reactionaries, he must overcome the reactionaries and stand by the people who fought with him."

I also find among a certain class of Mexicans that there is a strong impression that the cation of President Harding and Hughes in the Mexican question is unifying the Mexican radicals.

COUNTY TRACK AND FIELD DAY APR. 18

Arrangements For Event in Which
Thirteen High Schools Will be
Represented, Completed

DATE SUBJECT TO CHANGE

Conditions Track and Weather Ele-
ments to be Considered—Officials
Are Appointed

Plans have gone forward for the first annual Rush county track and field day, which will be held in Rushville on April 18, and in which all of the consolidated township high schools will send representatives to compete in the various games and contests, and complete details will be made at the meeting of the board of control tonight.

Although the date has been set for Wednesday, April 18, yet this date will be subject to change, depending a great deal on the weather, and the condition of the track.

The principals, coaches and school officials met here Saturday and perfected the county organization which also will include the Rushville high school, and the twelve consolidated high schools of the county.

The officials, or board of control, was appointed as follows: B. D. Parthing, J. H. Schull, E. B. Butler, Rushville, and L. E. Means of Moscow; the referees will be Russell Tiltsworth and Conwell Smith. The inspectors were named as follows: John Geraghty, Webb; R. L. Powers, Milroy; L. E. Dyer, Carthage; Grant Cooper, New Salem; Flem L. Maddy, Raleigh; field judges, Alpha Gray, Center, and A. M. Taylor, Rushville.

The starter will be Van Hood, Carthage, and scorer will be Charles Demunbrum of Arlington; the marshal will be Mandus Chance of Glenwood, who also will pick assistants.

James Hyatt of Arlington will be the official announcer and the clerk of the course will be Harry McKensie of Muncie. The officials have also decided on the list of events, and points for each. There will be four places on each event with the first place bringing 5 points, second place 3 points, third place 2 points and fourth place, one point.

One pupil cannot be entered in more than three events, and each school shall not have more than two entries in each event. The events to be competed for will be as follows: 100 yard dash; 220 dash; 440 dash; 1 mile run; mile run; relay race; running high jump; running broad jump; pole vault and shot put.

Several extras will be added, for which no points will be given on the

Boxer Refused to be Pro

By HENRY L. FARRELL
(United Press Sports Editor)

New York, March 26—Speaking of Eddie Eagen, light heavyweight champion of the Olympic games, captain of the Yale boxing team and later a member of the Harvard team, who is now at Oxford, "Sporting Life" (London) says of an inter-collegiate tournament in which he boxed recently:

"Eagen, Oxford, as a matter of course, won at catchweights and we suppose we shall have to hope in vain for an amateur capable of making him give of his best."

Righto, John, and more than righto! It will take the best pro you have in the fighting ranks to make him extend himself!

Eagen is an unusual type of a young man in a day when a young man with any kind of talent in his fists rushes into the professional prize ring for what little fame and what big money he can acquire.

Eagen has all kinds of natural talent. Veteran old managers have been after him for four years, but he scorned all offers to fight for money.

In explaining his rather unusual ideas, he told the writer in Antwerp during the Olympic games:

"I know I could make a lot of

money in the prize ring. Perhaps I could become a champion and acquire whatever fame might be understood to attend such a conquest, but all the money and all the glory I might attain would not compensate me for the pang that would be mine if I ever heard one of my children taunted with—'your father's a prize fighter.'"

Eagen talks just that way and in his private life he carries out the same high ideals.

Eagen knows that some stigma is attached even to an amateur boxer. He learned it at Yale and it cost him the realization of one of his fondest ambitions.

Eddie was crazy about football. When he was over with the American Olympic team in 1920 at Antwerp he dashed home just as soon as the boxing finals had been completed. Most of the other boys were taking what trips around Europe they could afford.

"I want to be at Yale when the football squad reports. I'm going to try hard, but I don't believe I can make the team."

He wouldn't give a reason, but it was heard later from another source: "The powers that be at Yale didn't want a boxer on the varsity team, although he was one of the fastest men on the team and a most promising end or halfback."

DIXIE DUST

San Antonio—Willie Hamm, the \$100,000 third baseman of the White Sox, lived up to his reputation by several spectacular pieces of fielding and a single and a double when the Sox were losing to the Giants, 8-6.

New Orleans—Babe Ruth got a single and a double in four times up as the Yankees were beating the New Orleans club, 3-2.

Clearwater—Wilbert Robinson and his Brooklyn Robins began preparations to break camp today. The Robins are to join the New York Yanks in New Orleans Thursday.

Augusta, Ga.—Manager Ty Cobb and twenty Tigers will join forces with the Rochester International League club at Athens today preparatory to beginning a six game series.

Lakeland, Fla.—Today the Cleveland Indians take on the Philadelphia Nationals. This is the first of this week's series of five games with National League clubs.

Bradentown, Fla.—The Nationals expect to make it three straight over the St. Louis Cards by taking today's game. Donnie Bush has practically decided to pitch Warrnuth and McGraw. The Griff men have played six games so far, winning three and losing three.

Montgomery, Ala.—The witch had a heart rending week-end. Rochester tied Connie Mack's A team four to four. Two defeats and one tie composed the series against the New York state nine. In Mobile the Mobile players defeated the Athletics B team 4 to 3.

Hot Springs, Ark.—The Red Sox scored three in the ninth but lost to Pittsburgh 12 to 11 in a game featured by six home runs and loose fielding. Mitchell, Boston shortstop, had four errors against him.

official score, and which will include the following: hop-step and jump; hop-jump; horse shoe contests; tug-of-war; setting the peg. The girls also will take part in a potato race and a baseball throwing contest.

All schools of the county and city will close at noon on the day of the contest, and a large crowd from every part of the county is expected. It is planned to hold the affair on the Dagler track, near Seventh and Spencer streets.

LEAD IN BOWLING TOURNEY

Milwaukee, Wis. March 26—J. Baumgartner, Cincinnati, took the lead in the singles of the American Bowling Congress here with 724. Two teams shot their way into the first five team event leaders here last night. The Schwab-Pollock poster prints, Buffalo, went into second place with 2952. Jubilee Spring Waters, another Buffalo team, went into fifth place with 2,901.

To Fix Amount of "Kick" Legally Allowed in Cider

Washington, March 26—A ruling will be rendered soon by Attorney General Daugherty fixing the amount of "kick" that may be allowed to accumulate in cider and unfermented fruit juices before the process of nature make them in violation of the Volstead law. Commissioner Haynes has informed Representative John Phillip Hill of Maryland.

The decision which will affect the cider of thousands of farmers throughout the country and the fruit juice mixtures of the city dwellers, has been delayed for several months.

FLYING FINN SETS NEW WORLD'S RECORD

Willie Ritola ran himself into the hall of athletic fame at the Knights of Columbus games in the 22nd Regiment Armory, New York, when he beat Joie Ray in a three-mile race, and established both a new indoor and outdoor record for the distance. It was one of the most sensational races ever seen on a New York track, and the onlookers went wild as the flying Finn touched the tape ahead of Ray, in the phenomenal time of 14 minutes, 15.4-5 seconds.

BOYS INVITED TO CAMP ROOSEVELT

Summer Camp To Be Held Again At Silver Lake, Ind., According To Announcement Received Here

REPRESENTED IN YEARS' PAST

Rushville Boys Have Attended Similar Educational-Training Encampments At Indiana Lake

Rushville boys are again invited to attend Camp Roosevelt, the national summer education-training encampment at Silver Lake, Ind., under command of Major F. L. Beals, U. S. A. Word to that effect, has just been received by J. H. Scholl, superintendent of schools from Peter A. Mortenson, superintendent of the Chicago schools.

Rushville boys have attended this camp in past years, this city being represented at the camp last summer by Churchill Allen and Theodore Abercrombie.

The first contingent will reach camp for the opening of summer school on July 2. Those who will attend the other divisions of the camp (R. O. T. C. or military division, and the Junior Camp), will follow a week later, reaching there on July 9.

Camp Roosevelt is attracting nation wide attention because of its unique policy for giving boys, on the basis of a public institution a course of highly specialized training, excellent care and food equal to that of the finest private camps. This is made possible through the support of the Chicago public school system, the War Department of the U. S. Government, American Red Cross, Y. M. C. A.; Chicago Dental Society, and public spirited Chicago men who bear all financial burdens. Boys 10 years and over, from all parts of the country are privileged to attend. A three weeks' outing, under finest possible conditions, costs each recruit \$30.00 for the training, mess privileges, and healthful outdoor vacation.

Major Beals, whose office is at the Board of Education, 460 South State Street, Chicago, stated in a recent interview: "All previous records for enrollment at this early season have already been broken. Pennsylvania, Georgia, Tennessee and Texas are the more distant states represented and this does not mean that only one application, but several, have been received. Of course, the nearby states are, always, more popularly represented. I attribute this to the splendid location and facilities which the Indiana campsite, to which we moved last summer, affords. Every one of our boys benefit from the training and at the same time had a splendid time. At any rate, that seems to be the impression of the early registrants, the majority of whom are 'repeaters'."

WOMAN ATTACKED IN SLEEP WITH HAMMER

Mrs. Elizabeth O'Brien of Washington in Serious Condition From Attack by Female Assailant

MYSTERIOUS WOMAN ESCAPES

Washington, March 26—Attacked in her sleep by a woman with a hammer, Mrs. Elizabeth O'Brien, wife of a prominent attorney, was in a serious condition at a local hospital today.

Mrs. O'Brien was awakened by a sharp blow on the head. Crouching at the foot of her bed, she says, was a woman, hammer in hand. Mrs. O'Brien, only stunned by the first blow of the hammer, attempted to run from the bed room, but the unknown woman attacked her again and a second on the head caused her to fall to the floor. The hammer caught in her hair.

Screams of Mrs. O'Brien and her daughter, attracted neighbors, but the mysterious woman assailant escaped. So far the police have found no trace of her.

At the hospital it was said Mrs. O'Brien has a severe fracture of the skull. Friends of the family can assign no reason for the attempted murder. Mrs. O'Brien's husband was at Scranton, Pa.

WANT ADS GET RESULTS

PRETTY WOMEN MAKE THE BEST DRY AGENTS

(By United Press)

Denver, Colo., March 26—It takes the women to get 'em—even the bootleggers, according to E. H. McClenahan, federal prohibition director of this district.

McClenahan has announced he wants some real vamps on his staff of dry sleuths and as a result, Colorado girls are expected to "dollar up" and call at his office.

According to the dry chief, women can't be beaten for obtaining evidence of dry law violations. They can find out things that would utterly baffle a man.

Every federal prohibition force in the country should have some women agents, McClenahan claims. Not old women, nor yet too young, but about 25 or 30 years old with "brains as well as looks."

Girls who know how to "wear clothes, you know", is the way "Big Mac" puts it.

He doesn't agree with Mrs. Annette Abbot Adams of San Francisco, former assistant attorney general of the United States, who recently said that "hard boiled" men could effectively administer the national prohibition law. Such men are all right to take part in a raid, but the woman's intuition is what is needed to obtain the evidence, McClenahan holds.

"Moderately young, pretty, smart, good dressers and full of pep", are the requisites of the woman dry sleuth, he maintains.

McClenahan relates an instance of where a young woman who applied to him for a job and finally got it, posed as a "flapper" on several "wild" parties and turned in evi-

dence on several persons that male members of the staff had failed to get.

The director has written to Washington for permission to use women as dry agents—and also for the necessary appropriation to pay them.

TRYING TO SMASH UKRMAN'S DEFENSE

Continued from Page One, without a charge when he refused to sign a statement incriminating himself and federal prohibition agents in the plot.

Ukman, testifying as the chief government witness, has told a story centering around the point the defense has spent all its efforts thus far, to refute.

Federal Judge Ferdinand Geiger lost his patience today with what he termed, "the lack of organization of the defense." He sought to speed up the attorneys for the defense, who have been delaying the progress of the trial.

The judge called upon the lawyers to arrange their testimony so that there will be no delay between the witnesses.

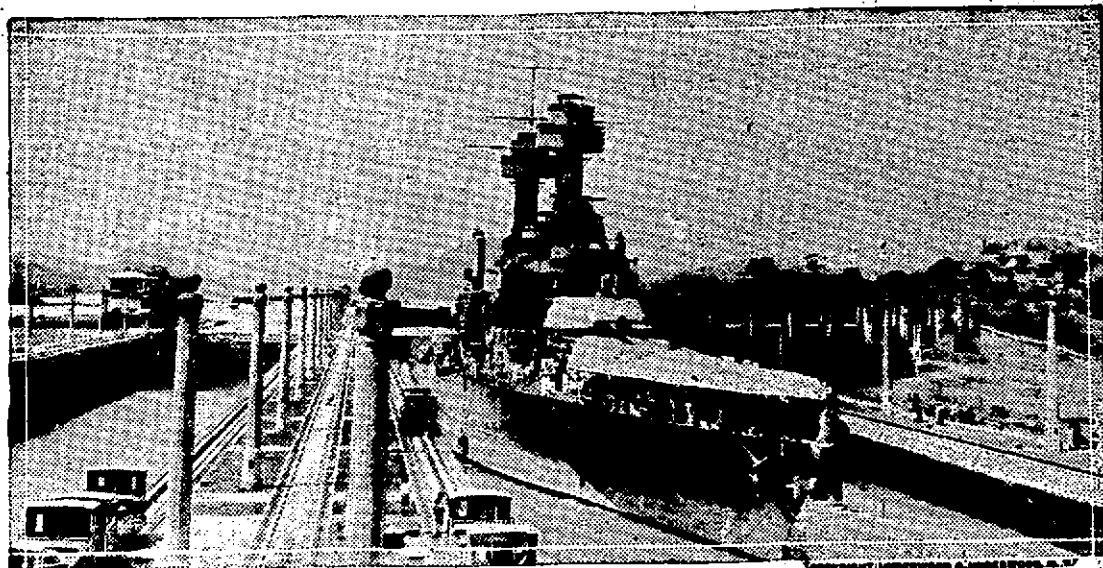

Judge Geiger abruptly adjourned court ahead of scheduled time Saturday afternoon when defense counsel could not agree on who would testify next for them.

The trial was swinging into its final stage with the defense apparently near the end of its testimony. It is expected to reach the jury during the latter part of this week.

GOVERNOR MAKES APPOINTMENTS

Lt. Gov. Branch and Rep. Gottchalk To Serve With Conservation Commission In Park Deal

TO MEET IN GARY APRIL 17

To Make First Step Toward State Acquiring Park Fronting On Lake Michigan

Indianapolis, Ind., March 26—Satisfaction over the appointment by Governor Warren T. McCray of Lieutenant Governor Emmet F. Branch of Martinsville and Representative Thurman A. Gottchalk of Berne as the legislative member to serve with the conservation commission and Richard Lieber, director of conservation in this state today.

Legislative representatives, members of the commission and directors and officers of the National Dunes Park Association will meet at Gary on April 17, to investigate dune land available and the prices at which it may be obtained, which is the first step toward the state

acquiring a park fronting on Lake Michigan, Mr. Lieber announces.

For several years wealthy Chicago people have been interested in the dunes, and have frequently announced they would contribute toward same if Indiana established a reservation therein. Now with legislative action authorizing the state to acquire a park, it is the plan of Governor McCray and Mr. Lieber to appeal to Chicago people to help obtain funds for installing necessary improvements. Among early improvements will be a pier sweeping out into the lake, shelter houses, bath houses and other conveniences. Conservation officials are confident that wealthy Chicagoans will contribute at least a million dollars to develop this park, as the dunes for years have been the mecca of thousands of Chicago people who all season find pleasure, entertainment and rest within its primitive wilderness.

The Dunes park bill provides that not to exceed 2,000 acres, with a lake front of not to exceed three miles, shall be purchased with a levy of 2 mills or one-fifth of a cent on each \$100 of assessed property, applied for eight years. It is estimated that this levy will produce \$340,000. Dune park enthusiasts, following interviews with holders of potential park land, are confident

that a park site can be purchased cheaper than if the land was intended for industrial use. They also express belief that some public spirited citizens desirous of seeing more than three-miles in frontage on the lake, will donate land for park purposes.

Mr. Lieber today paid high tribute to Governor McCray for his effective leadership in conservation work in general.

CAUTION AGAINST AMATEUR RADIO SETS

Safety Engineers Point Out Danger From Children Erecting Sets Near "Live Wires"

SEVERAL "DON'TS" ARE LISTED

Indianapolis, Ind., March 26—Safety engineers who have made a study of radio hazards agree that while any child may be able to operate a radio outfit, it takes an experienced electrician to install one free from fire and other hazards. Many accidents have been prevented by the prompt action of electric power companies, which made surveys of their properties, eliminated aerials in close proximity to live ones and gave warnings and information to the public.

Following is a list of radio "don'ts" prepared by the Indiana Public Utility association:

Never pick up a wire lying on the ground or dangling from a pole. It might be "alive". Report fallen wires immediately to the police or power company. Never attach radio aerials or anything else to poles carrying wires of any sort. Always attach aerials to substantial supports, so located that if either the support or aerial breaks it can not come in contact with other wires. It is quite practical to operate a radio set with an indoor aerial. Do not use kite aerials. Do not attach antennae to chimneys. Someone might be down below when the bricks start falling.

HISTORIC "EXTRAS" TOLD OF GEN. CUSTER'S FIGHT

(By United Press)
Minot, N. D. March 26—It was over a week after General Custer and his 261 scouts of the Seventh Cavalry fell before the outside world had the news.

L. C. Elby, automobile dealer here, treasures an "Extra" of the Bismarck, N. D. Tribune, under date of July 6, 1876, which published the first details of the Custer massacre. The paper was found by a Billings, Mont., man when he was tearing down an old log cabin between Miles City, Mont., and Forsyth.

Among those who fell was the Tribune's correspondent, whose last word to his paper was "We leave Rosebud (reservation) tomorrow to meet the Red Devils. I go with Custer to the death."

The paper described, as much as will ever be known from white sources of the Sioux onslaught which killed General Custer and 261 men of the Seventh Cavalry on June 27, 1876.

It tells how soldiers wept when General Terry arrived to reinforce Major Reno, who, attacking from another point than General Custer, had fought desperately for ten days. Together Terry and Reno proceeded to the Custer battlefield, where the soldiers lay mutilated by the squaws.

TAKE EXCEPTIONS TO STORY

Carthage Teachers Say They Did Not Copy Jackson School Methods

Teachers of the Carthage schools took exceptions to a story printed in the Daily Republican last Monday, which intimated that they had copied the methods of teachers in the Jackson school building in Rushville, in training their pupils for the music memory contest. The report from the Jackson building said that Carthage teachers visited Jackson school and took its methods into their own school. In reply, Carthage school teachers say that only one of them visited Jackson school and then it was a regular visiting day.

They also point out that they had to use one set of records in three buildings—Carthage grammar grades Washington school in Carthage and the Walnut Ridge school west of Carthage. The report from Jackson school said Rushville schools were handicapped by having one set of records for four buildings, while Carthage had one set and only one building.

A WOMAN'S BACK

The Advice of This Rushville Woman is of Great Value

Many a woman's back has many aches and pains. Ofttimes 'tis the kidney's fault. That's why Doan's Kidney Pills are so effective.

Many Rushville women know this. Read what one has to say about it: Mrs. Bertie Sager, N. Sexton St., says: "Some time ago I was in bad shape with my back and kidneys. My back was lame and sore and when I stooped the sharp cutting pains were unbearable. It felt as though someone were piercing me with a knife. My kidneys were weak and felt heavy and dull and they didn't act right. I heard of Doan's Kidney Pills and got a couple boxes. They soon rid me of the trouble."

NO CHANGES MADE IN ANY GAME LAW

Loren Martin, County Clerk, Receives Letter From State Department to That Effect

SEVERAL BILLS FAILED

All Laws Regarding Fishing, Hunting and Trapping Will Stand as Printed on Licenses

George N. Mannfeld, superintendent of the fisheries and game division of the state conservation department, has called attention to the fact that there were no changes made in the laws on hunting or fishing, and that the present laws will prevail.

Several attempts to pass new laws were made at the session of the legislature, but failed, and in order to correct wrong impressions, the superintendent has written letters to the county clerks, calling their attention to the fact that no changes were made.

County Clerk, Loren Martin, has received the communication, which is set out as follows:

No doubt you will have many inquiries relative to changes in fish and game laws made by the late Legislature. In order that you may answer the same correctly, you are advised that absolutely no change whatever was made in the laws, nor were any new laws added. Matters stand exactly as they did before the session convened. The laws as printed on the backs of the licenses which you now have are correct.

Please bear in mind that the closed season law prohibiting fishing for black bass and bluegills is still in force. The bill to protect crappie,

AMUSEMENTS

Two Days At Princess

Constance Talmadge takes a mild slap at romantically inclined young girls in her latest First National attraction, "The Primitive Lover," which is playing at the Princess today and Tuesday. In her screen role of Phyllis Tomley, the star portrays a sobby miss who gains her chief emotion from life through reading trashy novels and dreaming of gallant heroes.

Outside of this diversion, life is a prosaic thing surrounded by pots, pans and matter-of-fact husband. Like many present day misses, the young wife fails to find anything that can retain her interest in the daily routine of domestic life. It is only when she comes in contact with the supposedly romantic elements of the world that she awakens to the sham and realizes the value of love and every day life.

Like all of Miss Talmadge's pictures, the theme is treated in humorous fashion and presents a gay comedy. Harrison Ford, and Kenneth Harlan have the leading roles in "The Primitive Lover," which is an original story by Edgar Selwyn.

"Good Men And True"—Mystic

The sweep of Western plains, the rugged character of the men and loyalty of the women, the intrigue of blackguards and all the other elements of thrilling interest that Eugenia Manlove Rhodes puts into his fiction stories, combine to make "Good Men and True" by all odds the best production in which Harry Carey has ever appeared. It is being shown at the Mystic theatre today and Tuesday.

A story of sound foundation forms the background of "Good Men and True." It concerns the adventures of a cowboy in his campaign for the office of Sheriff. Backed by one of the leading men of the town, he is opposed by a vicious faction, the leader of which is impersonated by the dynamic Noah Beery.

Carey is a delight. In his lighter moments he is splendid, make no mistake. It is the little human touches throughout the story, in fact, that furnish the high lights in "Good Men and True." And for these Carey is responsible.

The scenes of romance, in which he is shown with the beautiful Vola Vale, have deep appeal and Mr. Carey proves himself a swain of truly capable proportions. Then too, the hand-to-hand fight in which he beats off a mob of waiters in a Western cabaret is one of the most thrilling scenes ever flung upon the screen.

At no time is the story permitted to deviate from the main thread of the narrative. The direction by Val Paul is reflected in the many compelling situations. Besides Mr. Beery and Miss Vale, the supporting cast includes Thos. Jefferson, Chas. Le Moine, Tully Marshall, Helen Gilmore and many supernumeraries.

OBITUARY

Jane Green, only daughter of Thomas and Sarah Gartin Green was born in Ripley township, Rush Co., Indiana November 17th, 1840; died March 12th, 1923, being 82 years, 3 months, and 23 days of age. Her mother died when she was about ten years of age leaving her father and several brothers. Yet while so young with the help of neighbors and friends she kept house for the family. When about 16 years of age she became a member of the Church of Christ at Little Blue River and continued a member of said church until death. She was married to John Leisure, September 3rd, 1857 and to this union was born four children, Jess A.; Sarah L.; Cora A.; and A. O. F. Leisure. Her husband departed this life March 24th, 1913. A. O. F. on November 25th, 1914, Sarah L. September 19, 1921. Hence she leaves one son Jess A. Leisure with whom she had made her home most of the time since the death of her son A. O. F. Leisure. She also leaves one daughter Mrs. Cora A. Dalrymple, also 12 grandchildren and 15 great grandchildren and many nieces and nephews and many distant relatives and friends to mourn their loss.

A precious one from us is gone
A voice we loved is still
A place is vacant in our home
Which never can be filled.

IN MEMORIAM

In loving remembrance of Grace Dewester Wilkinson who departed one year ago March 25, 1922.

"These are the things Death can not take away;

The voice of Dear Grace's, which was ours to know,
Though now those cheeks where roses used to blow,
And those pure lips where smiles were wont to play;
Bright realms as lovely as the skies of May,
Lie as a garden blanketed with snow,
Until the day we, too, must turn to go.

Unchanged and constant shall her beauty stay.
Nor age, nor tears, nor pain, nor cruel care,
Can harm her now, or enter Memory's hall,
She that we loved, so beautiful and fair,
Shall come to us still radiant, when we call."

From all life's dangers now secure is she,
Lovely she was, and lovely she shall be.

"Oh if we could just have her back here and all be together, but while she rests in slumber deep we her memory shall always keep.

Sadly missed by her loved family.

IN LOVING REMEMBRANCE

Of our dear daughter Ione Piper Pioneer, who died 2 years ago today, March 25, 1921. Sad and sudden was the call of her soul, dearly loved by all. Her memory is as dear today as in the hour she passed away. We have missed her coming footsteps. We have missed her everywhere. Home has lost its greatest sunbeam since you left us, Ione dear. Peaceful be thy rest, dear Ione. It is sweet to breathe thy name. In life we loved you dearly, in death we do the same. The moon and stars are shining, on a lone and silent grave. Beneath lies the one we loved, but whom we could not save. There is one who still will linger on the spot where you are laid, who will come and scatter flowers on the grave that Christ has made.

STATE WILL REST IN HERRIN MASSACRE CASE

Two Witnesses To Be Presented Today Before Defense Was To Begin With Evidence

PROSECUTION IS SATISFIED

Marion, Ills., March 26.—The state's case against the six men charged with murder in connection with the Herrin massacre was to be completed before the jury in the second trial today.

Despite several rulings of the court sustaining objections raised by defense to state's testimony, leaders of the prosecution today expressed confidence they had built up

an "air tight" case against the six defendants.

"We are satisfied with the evidence we have presented in this trial," Assistant Attorney General C. W. Middlehuff declared. "We have gone further toward establishing the fact of a conspiracy than we did in the first trial. Our case is practically air-tight and I am confident no amount of defense testimony can damage the case."

Two witnesses were to take the stand for the state today.

FRENCH SOLDIER KILLED

Berlin, Mar. 26.—Another French soldier has been killed in the Ruhr by Germans according to reports from Wetter today which state a corporal of the occupying army was slain.

MOTHERS PENSION BECOME A REALITY

Legislature Enacts Law, Giving Courts Power to Have Widowed Mothers Retain Children

NOT-IN STATE INSTITUTIONS

Will Give Mothers Allowance, and Relieve Burden From State Schools and Orphanages

Kokomo March 26.—Widowed mothers of Indiana will be allowed to keep their dependent children and will be allowed state compensation for them, rather than have the children sent to institutions, under a law enacted by the legislature which will become effective in May.

Senator Davis of Kokomo fathered the bill which compels courts to grant widowed mothers compensation for dependent and neglected children, and at the same time allows them to remain in the home of the mother, if the mother is of good moral character.

The main change that the bill effects over the existing law providing for the maintenance of dependent children is the use of the word "shall" in the phrase "the court shall grant compensation to dependent and neglected children and to widowed mothers." Under the present law the matter is optional with courts.

Judge Marshall has for some time favored the granting of compensation to worthy individuals and made it an issue in his campaign for judgeship. Since he was elected he had aided three widows and their families under the existing law.

Under the new law the board of children's guardians will have authority to mandate the judge to grant compensation, regardless of the opinion of the court in the case under consideration.

Indianapolis, March 21.—"A Mother's Pension law can be successful only when it has an adequate allowance and expert trained service," said Paul Benjamin, secretary of the Family Welfare society today.

"Such laws," Benjamin continued, "are successful in only half the places where they are operative. It will succeed here only if it is adequately supported financially and if trained workers are used in carrying out the provisions of the law."

A conference is to be held with Judge Frank J. Lahr, of the juvenile court here, in regard to inaugurating the operation of the law.

Before the law, introduced by Senator James A. Davis at the instigation of Judge John Marshall, of the Howard circuit court, was enacted the Family Welfare society took care of those who will now become recipients of state aid. Naturally, Benjamin said, they are interested in seeing that the carrying out of the provisions of the statutes are effected properly.

FIVE DIE OF POISON LIQUOR

Twelve Cases Of Alcoholic Poisoning Reported In Philadelphia

Philadelphia, Pa., March 26.—Following five deaths from poison liquor and 12 lesser cases of alcoholic poisoning over the week-end, federal authorities and city police today combined forces to run down the source of the "liquid death."

The investigations were under way today. One is being conducted by the police headed by Captain Souder and Lieutenant Benschaw, another by federal authorities headed by William J. McClure, prohibition group head and a third by the coroner's office.

Police said today that one of the victims of the poison liquor gave several addresses where the stuff was sold. The liquor is sold at ten cent a drink, three drinks for a quarter, according to the police.

MRS. H. J. COX GIVES STATEMENT OF CASE

Emphatic in Declaring Tanlac Overcame Stomach Trouble When All Else Failed

"Just think of it, ten years suffering ended in much less than that many weeks," is the enthusiastic statement made a few days ago by Mrs. H. J. Cox, 85 Archwood Ave., Akron, Ohio, in relating her wonderful experience with Tanlac.

"Ever since my college days ten years ago, I suffered constantly from stomach trouble and constant spells of acute indigestion. I would almost suffocate at times from the gas on my stomach, which also caused fearful pains around my heart. This constant suffering kept me always exhausted and miserable and try as I might, I could get no relief whatever.

"But here it is the Tanlac treatment has freed me at last of that indigestion and stomach trouble so completely that I can eat whatever I want without ever feeling a sign of distress. I have gained a number of pounds in weight, too, and am feeling just grand in every way. Tanlac has certainly showered rich blessings on me."

Tanlac is sold by all good druggists.
Over 35-million bottles sold.

PLAN A CRUISE ON SPANISH MAIN

Students, Teachers and Others of New York University, Plan Excursion This Summer

ON EDUCATIONAL ENTERPRISE

Caribbean Sea, Islands, and Historic Countries Will be Visited by Party on Trip

New York, March 26.—Cruising the Spanish Main in search, not of golden doubloons and pieces of eight, but of nuggets of knowledge, is the latest thing in educational novelties. Such a cruise has been arranged by Dean A. Wellington Taylor of the Graduate School of Business Administration of New York University. It will follow the wake of the bold buccaneers who have tinged successive waves of juvenile literature with excitement, but it will not be made in one of the "low black hulls" so dear to the Captain Kidd school of fiction, the Pantores, one of the Great White Fleet of the United Fruit Company line of steamers having been obtained to carry the tourists.

It is expected that a large part of the company will be made up of college students who will be able to combine an interesting and instructive vacation with an opportunity to gain from two to four points toward a college degree. New York University has consented to award these college credits because it regards the tour of exceptional educational value. Such of the tourists as seek such college credits will be required to attend lectures given en route by Dean Taylor and by Prof. Paul J. Salvatore of the Department of Spanish of the Stevens Institute of Technology. These lectures will deal with the economic, political and historical phases of the countries visited. 100 WAYS To Make Money

By BILLY WINNER

If I Rode a Bicycle—

I WOULD set myself up in business—the errand business. In every neighborhood, as well as the business portions of the city, are men and women who have errands to be run or deliveries to be made.

I would let these people know that I could run their errands and make some of their deliveries. I would tell them about my fast bicycle service.

I would start my business with the use of Daily Republican Want Ads—telling people about me and my service.

Blackheaded Pimples Quit With S. S. S.

Why? Pimple-Poison Goes When Red Blood-Cells Increase! S. S. S. Builds These Red-Blood-Cells.

You can be sure of this, nature has no substitute for red-blood-cells. Pimple-poison can't live in the red rivers of your blood as long as there are enough rich red-blood-cells in it. More red-blood-cells!

That is what you need when you see pimples starting at you in the mirror. Black-headed pimples are worse! Eczema is worse yet! You can try everything under the sun—until you find only one answer, more cell-power in your blood! The tremendous results, produced by an increase in red-blood-cells is one of the A. B. C.'s of medical science. Red-cells mean clear, pure rich blood. They mean clear, ruddy, lovable complexions. They mean nerve power, because all your nerves are fed by your blood. They mean freedom forever from pimples, from the blackhead pest, from boils, from eczema and skin eruptions, from rheumatism, from indigestion, from that tired, exhausted, run-down feeling. Red-blood-cells are the most important thing in the world to each of us. S. S. S. will build them for you. S. S. S. has been known since 1892 as one of the greatest blood-builders, blood-purifiers and system strengtheners ever produced. S. S. S. is sold at all drug stores in two sizes. The larger size bottle is the more economical.

S.S.S. makes you feel like yourself again

in the Caribbean will also be among the tourists.

The Pantores, which will be the home of the tourists throughout the cruise, will leave New York July 21 and will make its first stop at Havana four days later. The Cuban metropolis and adjacent points of interest will be visited, following which a three-day cruise over summer seas will put the tourists in the Canal Zone. There will be a trip to the Pacific end of the Panama Canal and then a run up the Central American coast to Port Limon, Costa Rica. A special train will take the tourists to San Jose, the capital of Costa Rica, a climb of 6,000 feet in less than one hundred miles. The tourists will be back in New York August 9.

THREE MEETINGS ARE HELD SUNDAY

Continued from Page One
referring to the words of the child's hymn:

"Repentance is to leave The sins we loved before, And show that we in earnest grieve By doing them no more."

He spoke first, concerning sin, as follows:

"True repentance will seek with all its will power to renounce evil in thought, evil in words, evil in deeds. True repentance is most beautiful. Jesus said, 'There is joy in heaven over one sinner that repenteth.'"

"Ah, Christian, did you say there was no joy over your repentance; there was no happiness in your religion? How did you leave your sin? Did you go limping away from it? Did you say, 'Sin I'm sorry to leave you, we have been good friends. But I must leave you now. Possibly I can come back and see you some time. Is that the way you parted?'"

"Or did you say, 'Goodbye sin. Be gone. I'm done with you forever. Be gone.' Then you turned and walked away from it, never, with God's help, to return. You say you have repented? Then you will have to show me by your life and it's relation to Christian duty."

"A repentance that does not root out your sin isn't worth bothering with. If it doesn't make you a new creature, it isn't worth having. If it does not get hold of the depths of your soul and make you a new creature, you will never be satisfied with it. It is a mockery."

Secondly, he spoke concerning God's Son:

What is repentance? It is not promising to be better. It is not singing of hymns, or church going. It is more than that. It is not crying, or emotional excitement. It is more.

Luke tells of the sheep which was lost and how they sought it. He also tells of the lost coin and how they sought it. Both were lost because they were out of relationship to their accustomed place. The son was lost because he went away from his father's house. He was rebellious before he had received a penny. No person went out after him to bring him back. Why? Because he was a

THE HOME GARDEN

SEED SOWING TECHNIQUE

There is quite a trick to sowing seed evenly and thinly, but it is easily done when you know how.

Professional gardeners who have large quantities of seed to sow usually use a wheel hoe with a seeder attachment or a seeder, horse drawn. However, when the seed is to go in boxes or hotbeds or in small quantity, he sows it direct from the packet with a steady motion that drops the seeds evenly and not too thickly in the row made for it.

First of all, after prying the flap loose or cutting the edge of the packet, make a crease in one side of it so that when you hold the edges between the thumb and second finger, the forefinger being above it, the opening will be almost triangular, the edges of the packet being held firmly enough to force the crease apart so that it makes a trough down which the seed may flow.

Now tilt the packet gently and tap it with the forefinger, which will be free above it. With a little practice you can move along a row tapping the packet regularly and the seed will trickle out as fast and as thickly or as slowly and as thinly as you desire.

This is a much easier way than trying to take a pinch of seed between the thumb and forefinger and scatter it.

Where seed is very fine, mix two or three times its bulk of fine sand with it, and this will serve to distribute it thinly enough. With very fine seeds that pour out too rapidly some such device is necessary. The sand also fills the useful purpose of showing where the seed has been sown if you are broadcasting it and want an even distribution.

With very fine seed no soil covering should be used, but the seed should be pressed firmly into the soil with a brick, smooth block of wood or some similar device. Mere contact with the soil is sufficient to promote germination if proper moisture is provided. Covering with soil is likely to smother the seedlings.

moral agent, accountable to God for his own acts. The father might have taken all his servants and carried him back but he would still have been prodigal. No man can come back until he returns by the choice of his own will.

"All that Jesus has done on Calvary and in eternity stands defeated before the citadel of the human will. He went away of himself and he must come back of himself."

"After all we have said and done, you and you alone must change your whole life attitude toward sin and toward Jesus Christ."

"We can repeat John 3:16 from memory. We know God's love. We know Romans ten, verse nine, but we must also know Isaiah fifty-five, verse seven. Read these carefully and you will know the way of the soul back to its heavenly home. Then pray God to give you the help to turn from your sin and follow in the way that leads to heaven."
